DUMATREX

Sugammadex
100 mg/mL
Solution for Injection

For Intravenous Use

1 Vial 200 mg/2 mL

CONTENTS:
Each 2 ml vial contains 200 mg sugammadex (as sodium salt)

For single use only

Unopened vials: Store below 30°C. Do not freeze. Store in the original package in order to protect from light.

After opening and dilution:
The sterility condition at the time of dilution would determine which shelf life would be applicable for the diluted product. From a microbiological point of view, the diluted product should be used immediately.
If the dilution is done under aseptic conditions, the shelf life of the diluted product is up to 48 hours at 2°C to 25°C.
If the dilution is not performed under controlled and aseptic conditions, the shelf life of the diluted product is the responsibility of the user and would normally not be more than 24 hours at 2°C to 8°C.
