This leaflet answers some common questions about DEZOR PLUS SHAMPOO. It does not contain all the available information. It does not take the place of talking to your pharmacist or doctor.

All medicines have risks and benefits. Your pharmacist or doctor has weighed the risks of you taking DEZOR PLUS SHAMPOO against the benefits they expect it will have for you.

If you have any concerns about taking this medicine, ask your pharmacist or doctor.

Keep this leaflet with the medicine.

You may need to read it again.

What DEZOR PLUS SHAMPOO is used for

DEZOR PLUS SHAMPOO is indicated for use in the treatment of:

- Seborrhoeic dermatitis
- Dandruff

How DEZOR PLUS SHAMPOO works

DEZOR PLUS SHAMPOO contains Ketoconazole which is a broad spectrum antifungal agent. It acts by altering the permeability of yeast and fungal cell membranes. The other active component of DEZOR PLUS SHAMPOO Zinc Pyrithione reduces flaking and itching caused by dandruff (keratolytic).

Before you use DEZOR PLUS SHAMPOO

-When you must not use it

Do not use DEZOR PLUS SHAMPOO if you are hypersensitivity to Ketoconazole, Zinc Pyrithione or the excipients. It is also not advisable for use if you have acute or chronic liver disease.

Before you start to use it

Tell your doctor:

- **If you are pregnant**, it is not known that the use of DEZOR PLUS SHAMPOO can harm your unborn baby. However, use of the same in the first trimester of pregnancy should only be used in close consultation with the Physician.
- **If you are breastfeeding**, it is not known if DEZOR PLUS SHAMPOO passes into your milk and if it can harm your baby.

-Taking other medicines

Tell your doctor about all the other medicines and skin products you use, including prescription and non-prescription medicines, vitamins, herbal supplements, and cosmetics. There is no kind of drug interactions

with DEZOR PLUS SHAMPOO have been reported.

How to use DEZOR PLUS SHAMPOO

-How much to use

Apply sufficient DEZOR PLUS SHAMPOO on wet hair and scalp to produce enough lather. Massage for one minute and rinse with warm water. Repeat procedure for additional 3 minutes. Rinse with warm water and dry hair.

-When to use it

Use DEZOR PLUS SHAMPOO exactly as prescribed by your doctor. DEZOR PLUS SHAMPOO is for use on your scalp only.

-How long to use it

Shampoo twice a week for 4 weeks at least 3 days between uses and then as needed or use as directed by the physician.

-If you forget to use it

Use it as soon as you remember. Then go back to your regular schedule. If it is about time for your next dose, apply just that 1 dose, and continue with your regular schedule. Do not make up the missed dose. If you miss several doses, tell your doctor

-If you use too much (overdose)

If you apply a lot or a lot is accidentally swallowed, it could make you ill. Talk to your doctor or go to the hospital as soon as possible.

While you are using DEZOR PLUS SHAMPOO

-Things you must do

Always wash your hands before and after you use the shampoo.

-Things you must not do

Do not use in children or infants unless directed by a doctor.

-Things to be careful of

For External Use Only – Scalp Only. Avoid contact with eyes. If contact occurs, rinse thoroughly with water. If condition worsens or does not improve after regular use of this product as directed, consult a doctor.

Side effects

Most people will not have problems, but some may get some.

- In rare instances, discoloration of hair has been observed. Other symptoms like increase in normal hair loss, irritation (1%), abnormal hair texture, mild dryness of skin, itching, oiliness/dryness of hair and scalp have also been noted
- Due to the risk for serious hepatotoxicity, DEZOR PLUS SHAMPOO should be used only when the potential benefits are considered to outweigh the potential risks, taking into consideration the availability of other effective antifungal therapy.

If any side effect becomes severe, or you notice any side effect not listed here, please tell your pharmacist or doctor.

For External Use Only – Scalp Only

Not for Ophthalmic (Eye) Use

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by visiting the website npra.gov.my [Consumers → Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)].

Storage and Disposal of DEZOR PLUS SHAMPOO

-Storage

Store below 30°C.
Protect from light.
Keep out of reach of children.

-Disposal

Dispose the medicine after the expiry date.
Consult your pharmacist on how to safely dispose of any medicines no longer required.
