

Sore Throat Lozenges
Orange, Lemon, Blackcurrant & Honey Lemon

129898

PRODUCT DESCRIPTION

DifflamAB™

Sore Throat Lozenges Orange:
Orange coloured, round, biconvex lozenges having orange flavour with sweet taste.

DifflamAB™

Sore Throat Lozenges Lemon:
Yellow coloured, round, biconvex lozenges having lemon flavour with sweet taste.

DifflamAB™

Sore Throat Lozenges Blackcurrant:
Violet coloured, round, biconvex lozenges having Blackcurrant flavour with sweet taste.

DifflamAB™

Sore Throat Lozenges Honey Lemon:
Brownish yellow coloured, round, biconvex lozenges having Honey Lemon flavour with sweet taste.

COMPOSITION
Each lozenge contains
2,4-Dichlorobenzyl Alcohol 1.2mg
Amylmetacresol 0.6mg

PHARMACODYNAMICS
2,4-Dichlorobenzyl Alcohol and Amylmetacresol are antiseptics and possess antibacterial (bactericidal and bacteriostatic), antifungal and antiviral properties as demonstrated in vitro. When the two active ingredients are combined, a synergistic antibacterial action is observed leading to a reduced combined dose.

In-vitro studies demonstrated killing effects against some sore throat causing organisms such as *Streptococcus pyogenes*, *Staphylococcus aureus*, *Haemophilus influenza* and *Moraxella catarrhalis*, at 1 minute contact time. An overall reduction in the oral bacterial load was also seen in one in-vivo study.

In-vitro antiviral action against enveloped viruses including influenza A virus, para-influenza virus, respiratory syncytial virus, cytomegalovirus and coronavirus has also been observed for both amylmetacresol and dichlorobenzyl alcohol as well as the combination of the two after 1-2 minutes' contact.

INDICATIONS
For the symptomatic relief of mouth and throat infections.

DOSAGE AND ADMINISTRATION
Adults and children (over 6 years old):
One lozenge to be dissolved slowly in the mouth every 2-3 hours up to a maximum of 12 lozenges in 24 hours.

CONTRAINDICATIONS
Hypersensitivity to any of the ingredients.

WARNING AND PRECAUTIONS
Do not exceed the stated dose.
Not to be given to children under 6 years.
If symptoms persist, have not improved, or have worsened after 3 days, consult a doctor or health care professional.
Patients with rare hereditary problems of glucose-galactose malabsorption or sucrose-isomaltose insufficiency should not take this medicine.

PREGNANCY AND LACTATION
Pregnancy
There are no or limited amount of data from the use of amylmetacresol and 2,4-Dichlorobenzyl Alcohol.
As with all medicines care should be taken when using this product in pregnancy and medical advice sought if necessary.

Breast-feeding
It is unknown whether 2,4-Dichlorobenzyl Alcohol, amylmetacresol or metabolites are excreted in human milk.
A risk to the newborns / infants cannot be excluded.

DRUG INTERACTION
No clinically significant interactions are known.

ADVERSE EFFECTS
Hypersensitivity reactions, glossodynia, and oral discomfort.

OVERDOSE
Overdosage should not present a problem other than gastrointestinal discomfort.
Treatment should be symptomatic.

STORAGE
Store below 30°C, in a dry place.

PACKAGING INFORMATION
Available in packaging of 24x6's, 12's and 2x12's.

MANUFACTURED BY
Unique Pharmaceutical Laboratories
(A Division of J. B. Chemicals & Pharmaceuticals Ltd.)
Survey No. 101/2 & 102/1, Daman Industrial Estate, Airport Road, Kadaiya, Daman 396 210, India.

Revision date: October 2020
