

LOT/MNF/EXP:

Intravenous use. For single use only. Read the package leaflet before use. Each vial of 5ml contains 500mg of sugammadex (as sugammadex sodium). 1ml contains 100mg sugammadex (as sugammadex sodium).
 Keep out of the sight and reach of children.
 Store at or below 30°C.
 Do not freeze. Keep the vial in the outer carton in order to protect from light. When not protected from light, the vial should be used within 5 days.
After first opening: The product should be used immediately. Any unused solution should be discarded.
After dilution: After dilution with infusion fluids, to reduce microbiological hazard, the diluted solution should be used as soon as practical. If storage of the diluted solution is necessary, solutions should be stored at room temperature (25°C and below) for no more than 6 hours or under refrigeration at 2°C to 8°C for no more than 24 hours.
