Solution for injection or infusion in pre-filled syringe.
Each pre-filled syringe contains 30 million
units (equivalent to 300 micrograms) filgrastim
in 0.5 ml (60 MU/ml).

Excipients: glutamic acid, polysorbate 80,
water for injections and sorbitol (E420) -
see the package leaflet for further information.

Single use only. Read the package leaflet before use.

Keep out of the reach and sight of children.

Store in a refrigerator (2°C - 8°C)
Keep the pre-filled syringe in the
outer carton in order to protect from light.

After dilution use within 24 hours.
Medicinal product subject to medical prescription.
