What Lion Ball Medicated Oil is used for

It is used topically for temporary relief of minor aches and pains of muscle and joint associated with arthritis, strains and sprains.

How Lion Ball Medicated Oil works

This medication contains active ingredients that will dilate blood vessels thus gives rise to a cold sensation, followed by a warm soothing and pain relief effect.

Before you use Lion Ball Medicated Oil

- When you must not use it

Do not use this medicine if you are allergic to methyl salicylate, menthol, camphor or any other ingredients of this medicine (listed in Product Description)

Do not use on children below 2 years of age.

- Before you start to use it

Test on a small area of your skin if you suspect to have sensitive skin or be allergic to any ingredients in the product.

Pregnancy and lactation

Please consult your doctor or pharmacist if you are pregnant, planning for pregnancy or breastfeeding before using any medicine.

- Taking other medicines

Tell your doctor if you are taking any other medicines that you buy with or without prescription from a pharmacy, supermarket or health food shop.

This product contains methyl salicylate and when applied or rubbed onto the skin can be absorbed through the skin into the blood. If you are taking warfarin, excess application on to the skin may increase the risk of bleeding.

How to use Lion Ball Medicated Oil

- How much to use

For external use only. Apply and rub gently on to the affected area.

- When to use it

Apply for 3 to 4 times daily or as directed your doctor or pharmacist.

- How long to use it

Apply it for the duration as your doctor recommends.

- If you forget to use it

Consult your doctor on what you should do if you forgot to use it.

Use the missed dose as soon as you remember. If it is almost time for your next dose, wait until then to use the medicine and skip the missed dose. Do not apply a double dose to make up for the missed dose.

- If you use too much (overdose)

You may experience symptoms of skin irritation. Discontinue use and contact your doctor immediately or go to the Emergency Department of your nearest hospital, if you think you or anyone else may have use too much of this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

While you are using Lion Ball Medicated Oil

- Things you must do

Tell all the doctors, dentists and pharmacists treating you that you are using Lion Ball Medicated Oil.

- Things you must not do

Do not take any new medicines without consulting your doctor or pharmacist.

- Things to be careful of

- Caution must be exercised when older children are treated. It is dangerous to place any camphor containing product into the nostril of children. A small amount applied this way may cause immediate collapse.

Side effects

This product may cause severe skin irritation such as, redness or burning sensation.

Visit your doctor or pharmacist immediately if you experience any side effects after using this medicine.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by visiting the website <http://npra.gov.my> [Consumers - >Reporting Side Effects to Medicine (ConSERF) or Vaccines (AEFI)]

Storage and Disposal of Lion Ball Medicated Oil

- Storage

Store at room temperature below 30°C. Keep out of reach of children.

- Disposal

Medicines should not be disposed of via wastewater or household waste. Ask your pharmacist how to dispose of medicines no longer required. These measures will help to protect the environment.
