CONTROLLED MEDICINE

Intravenous use
 Each 5mL vial contains 500mg sugammadex
 (as sodium salt).
 For single use. Discard any unused solution.
Keep medicine out of reach of children
Jauhi ubat-ubatan dari kanak-kanak
 Store below 30°C. Do not freeze.
 Keep the vial in the outer carton in order to protect from light.
 The sterility condition at the time of dilution would determine
 which shelf life would be applicable for the diluted product.
 From a microbiological point of view, the diluted product
 should be used immediately. If the dilution is not performed
 under controlled and aseptic conditions, the shelf life of the
 diluted product is the responsibility of the user and would
 normally not be more than 24 hours at 2°C to 8°C.
