What Natural Wellness Aqueous Cream is used for

Natural Wellness Aqueous Cream can be topically applied as an emollient for the symptomatic relief of dry skin conditions and as a soap-substitute for skin washing.

How Natural Wellness Aqueous Cream works

Natural Wellness Aqueous Cream is a non-greasy cream which is used to protect skin against dirt and grease and has a detergent effect as skin cleanser.

Before you use Natural Wellness Aqueous Cream

- When you must not use it

If you are allergic (hypersensitive) to any of the ingredients.

- Before you start to use it

- Inform your doctor or pharmacist if you are taking or using any other medication at the same time.
- Check the seal is not broken before first use. If it is, do not use the cream.
- Not recommended for:
 - patients with eczema
 - On open skin wounds or damaged skin

- Taking other medicines

Please consult your doctor or pharmacist if you are taking or have recently taken any other medicines.

- Pregnancy and Breast-feeding

The safety of Aqueous cream during pregnancy and lactation has not been established. However, if you are pregnant, consult your doctor or pharmacist before use.

How to use Natural Wellness Aqueous Cream

- How much to use it

Apply sparingly to the affected area when required, 2 to 3 times daily or as suggested by your pharmacist or doctor.

- When to use it

Consult your doctor, or pharmacist to diagnose your skin condition and prescribe appropriate treatment tailored to your specific needs.

Natural Wellness Aqueous Cream can be used when one is experiencing dry skin symptoms e.g., rough skin, flaking skin, scaling, and itchiness.

Used before or during bathing as soap-substitute for skin washing.

- How long to use it

Use Natural Wellness Aqueous Cream as directed by your doctor or pharmacist.

- If you forget to use it

Reapply as you need.

- If you use too much (overdose)

NW Natural Wellness Aqueous Cream is only used on external parts. Symptoms of accidental oral ingestion may include gastrointestinal symptoms, particularly diarrhea and should be treated symptomatically.

If you have further questions on the use of this product, ask your pharmacist or doctor.

While you are using Natural Wellness Aqueous Cream

- Things you must do

Always wash your hands before and after you use the cream.

- Things you must not do

Do not share your medication with anyone.

- Things to be careful of

Use bathmat to avoid accidents after bathing with Natural Wellness Aqueous Cream, as it will cause the floor surface to be slippery.

Side Effects

Natural Wellness Aqueous Cream may cause local skin reactions, such as stinging, burning, itching, and redness, when it is used as a leave-on emollient, particularly in children with atopic eczema.

If a patient reports or shows signs of skin irritation with the use of Natural Wellness Aqueous Cream, treatment should be discontinued immediately.

If the side effects get serious, or if you notice any side effects not listed in this leaflet, please tell your pharmacist or doctor immediately.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by visiting the website npra.gov.my [Consumers → Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)]

Storage and Disposal of Natural Wellness Aqueous Cream

- Storage

Store below 30 °C. Keep well closed. Do not use after the expiry date.

- Disposal

Dispose the medicine after the expiry date. Consult your pharmacist on how to safely dispose of any medicines no longer in use.

Natural Wellness Aqueous Cream

Emulsifying wax 30% w/w, White soft paraffin 15% w/w, Liquid paraffin 6% w/w
