WHAT PUREEN NAPPY RASH CREAM IS USED FOR

- Treats and prevents nappy rash, nappy redness, heat or dribble rashes in infants.
- Provides soothing relief of symptoms of atopic or infantile eczema.

HOW PUREEN NAPPY RASH CREAM WORKS

- Contains 2 gentle antiseptics that help eliminate bacteria that cause nappy rash whilst preventing possible secondary infections.
- Specially formulated with Zinc Oxide that forms a protective barrier that minimizes contact between baby's skin and impurities.
- Thick texture of cream is formulated to stay longer on skin to provide long lasting protection against nappy rash.

BEFORE YOU USE PUREEN NAPPY RASH CREAM

When you must not use it

This product should not be used by individuals with known sensitivity to any ingredients of this product.

Before you start to use it

Make sure the nappy area is clean, dry and free from traces of soap.

Taking other medicines

Currently there have been no reports of problems when this product is used with other medicines.

HOW TO USE PUREEN NAPPY RASH CREAM

Apply Pureen Nappy Rash Cream evenly after every nappy change, paying particular attention to the folds of the skin.

WHILE YOU ARE USING IT

Things to be careful of

Avoid contact with eyes. If any irritation occurs, discontinue use.

SIDE EFFECTS

Contact allergy has been reported with benzalkonium chloride and cetrimide even in low concentration.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by visiting the website npa.gov.my
