## What Ecosolve Plus Cream is used for

Ecosolve Plus Cream is used topically to treat skin fungal and yeast infections and reduce inflammation on the infected skin.

## How Ecosolve Plus Cream works

Ecosolve Plus Cream contains active ingredients econazole nitrate and triamcinolone acetonide. Econazole is an antifungal and it works by killing the fungus that causes infection.

Triamcinolone is a type of corticosteroid that reduces inflammation, itching and allergic reactions such as redness and swelling.

## Before you use Ecosolve Plus Cream

### – When you must not use it

Do not use if you:

- are allergic to econazole nitrate, triamcinolone acetonide, otherazole antifungal or any other ingredients of this medicine (listed in Product description)
- have bacterial infection (such as tuberculosis, syphilis)
- have viral skin infection (such as chickenpox, herpes simplex, herpes zoster)

### – Before you start to use it

#### *Pregnancy and lactation*

Please consult your doctor or pharmacist if you are pregnant, planning for pregnancy or breast-feeding before using this medicine.

Ecosolve Plus Cream should only be used during pregnancy if the benefit outweighs the risk to the foetus.

It is unknown whether Ecosolve Plus Cream is secreted into the breastmilk or not, therefore, you should only use this

medicine if the benefit outweighs the risk.

### – Taking other medicines

Tell your doctor if you are taking or using any other medicines, including any that you buy without a prescription from a pharmacy, supermarket, or health food shop.

## How to use Ecosolve Plus Cream

### – How much to use

Apply the cream sufficiently to the infected areas.

### – When to use it

Apply two times a day or as directed by your doctor or pharmacist, until you see improvement in your skin condition.

Once your condition improves, you can reduce the application to once a day.

Be sure to wash your hands after using the cream.

### – How long to use it

Use Ecosolve Plus Cream for the duration that the doctor recommends. If no improvement is observed within 1 week or your condition worsens, stop using the cream and see the doctor as soon as possible.

### – If you forget to use it

Apply the missed dose as soon as you remember. If it is almost time for your next dose, wait until then to apply the medicine and skip the missed dose. Do not apply a double dose to make up for the missed dose.

### – If you use too much (overdose)

Contact your doctor immediately or go to the Emergency Department of your nearest hospital, if you or anyone else may have used too much of this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

Using too much of this cream may cause more severe or increased side effects.

## While you are using Ecosolve Plus Cream

### – Things you must do

Use your medicine exactly as your doctor has told you.

Tell all the doctors, dentists and pharmacists treating you that you are using Ecosolve Plus Cream.

Tell your doctor immediately if you become pregnant while using this medication

### – Things you must not do

Do not stop using the medicine unless advised by your doctor.

Do not use any new medicines without consulting your doctor or pharmacist.

Do not give Ecosolve Plus Cream to anyone else, even if they have the same symptoms or condition as you.

Do not bandage or use occlusive dressing on the treated skin area unless directed to do so by your doctor.

### – Things to be careful of

For external use only. Avoid in contact with eyes, nose, and mouth.

Avoid prolonged application to the face.

If irritation occurs, stop using it and inform your doctor or pharmacist.

## Side Effects

Like all medicines, Ecosolve Plus Cream can cause side effects, although not everybody gets them.

Visit your doctor or pharmacist immediately if you experience any side effects after using this medicine.

The reported side effects include skin sensitivity, slight burning sensation and irritation.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring visiting the website [npra.gov.my](http://npra.gov.my) [Consumers → Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)]

## Storage and Disposal of Ecosolve Plus Cream

### – Storage

- Store below 30°C.
- Protect from light.
- Keep out of reach of children.
- Keep cap tightly closed.

### – Disposal

Medicines should not be disposed of via wastewater or household waste. Ask your pharmacist how to dispose of medicines no longer required. These measures will help to protect the environment.

# ECOSOLVE PLUS CREAM

Econazole Nitrate / Triamcinolone Acetonide (1% w/w / 0.1% w/w)

---

## Product Description

– What it looks like

Ecosolve Plus Cream is a white smooth cream.

– Ingredients

- Active ingredient  
Econazole Nitrate  
Triamcinolone Acetonide
- Inactive ingredients  
Chlorocresol, Cetomacrogol  
Emulsifying Wax, White Soft  
Paraffin, Liquid Paraffin, Sodium  
Acid Phosphate, Disodium  
Phosphate, Hydrogenated  
Polyisobutene, N-Methyl-2-  
Pyrrolidone, Isopropyl Myristate,  
Tuberose Fragrance, Purified Water.

– MAL Number:

MAL08021519AZ

## Manufacturer and Product Registration Holder

Winwa Medical Sdn. Bhd.
