What Colin Cough Syrup is used for

Colin Cough Syrup is used to relieve coughing, thin the thick phlegm, and makes it easier to cough out.

How Colin Cough Syrup works

It contains guaiphenesin which works by thinning the phlegm in the lungs thus its less sticky and easier to cough up.

Before you use Colin Cough Syrup

– When you must not take it

Do not take if you are hypersensitivity to guaiphenesin or any other ingredients in this product (listed in Product Description).

– Before you start to use it

Pregnancy and Lactation

Please consult your doctor or pharmacist for advice if you are pregnant, planning for pregnancy, or breastfeeding before taking any medicine.

– Taking other medicines

Tell your doctor if you are taking any other medicines, including any that you buy without a prescription from a pharmacy, supermarket or health food shop.

How to take Colin Cough Syrup

– How much to take

Adults and children above 12 years:
2 teaspoons (10ml) to be taken.

Children 6 to 12 years:
1 teaspoon (5ml) to be taken.

Children 2 to 5 years:
2.5ml to be taken.

– When to take it

To be taken 3 to 4 times a day, or as instructed by your doctor.

– How long to take it

Use Colin Cough Syrup for the duration that the doctor or pharmacist recommends.

– If you forget to take it

Take the missed dose as soon as you remember. If it is almost time for your next dose, wait until then to take the medicine and skip the missed dose. Do not take a double dose to make up for the missed dose.

– If you take too much (overdose)

Contact your doctor immediately or go to the Emergency Department of your nearest hospital, if you think you or anyone else may have taken too much of this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

While you are using Colin Cough Syrup

– Things you must do

Tell all doctors, dentists and pharmacists treating you that you are taking Colin Cough Syrup.

If symptoms persist, please consult a doctor.

– Things you must not do

Do not take any new medicines without consulting your doctor or pharmacist.

Do not give Colin Cough Syrup to anyone else, even if they have the same symptoms or condition as you.

– Things to be careful of

Driving and using machines

Be careful driving or operating machinery until you know how Colin Cough Syrup affects you.

Side Effects

Like all medicines, Colin Cough Syrup can cause side effects, although not everybody gets them. Visit your doctor or pharmacist immediately if you experience any side effects after using this medicine.

Stomach pain, diarrhoea, drowsiness, nausea or vomiting have been reported.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by visiting the website nptra.gov.my [Consumers →

Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)].

Storage and Disposal of Colin Cough Syrup

– Storage

- Store below 30°C and protect from light and heat.
- Keep cap tightly closed.
- Keep out of reach of children.

– Disposal

Medicines should not be disposed of via wastewater or household waste. Ask your pharmacist how to dispose of medicines no longer required.
