

## PRIME'S CALAMINE LOTION

Description: Light pink, rose fragrance lotion.

### Contents

Calamine 15.0%w/v  
Zinc Oxide 5.0%w/v

Preservative: Liquefied phenol 95% ... 0.38%w/v

### Indications

For relief of dermatitis, prickly heat, itchiness, sunburn and other minor skin irritations.

### Pharmacology

Calamine lotion has a mild astringent action on the skin. Its local analgesia and sensation of coolness help to allay the pain and swelling of sunburn, relieve itching and to soothe and protect the skin in eczema or dermatitis.

### Precaution

Avoid contact with mucous membranes.

### Adverse Effects

Hypersensitivity reactions may occur occasionally.

### Dosage and Administration

Apply to the skin as required and allowed to dry.

Storage	: Keep container tightly closed. : Store in a cool, dry place below 30°C. Protect from light. Keep out of reach of children.
