

MICOZOL

(miconazole nitrate 2% w/w)

15gm
cream

Contents : MICONAZOLE NITRATE 2% w/w
Preservative : CHLOROCRESOL 0.1% w/w

Indications : For treatment of fungal infections of the skin and nails including candidiasis, tinea, and pityriasis versicolor.

Directions : Skin infections-Apply sparingly and gently rub into the affected area once or twice daily until lesion has completely disappeared. Nail infections-Apply sparingly to the affected nail twice daily; combine with oral antimycotic or with a non-porous dressing, if necessary. Medication to be continued for full course of treatment. Note: To reduce the possibility of recurrence, fungal infections should be treated for 2 weeks.

Precautions : Avoid contact with eyes. Do not apply occlusive dressing over this medication unless directed by physician. Do not use in children under 2 years of age except under the advice and supervision of a doctor. If irritation occurs or if there is no improvement within 4 weeks, discontinue use and consult a doctor or pharmacist.
