What Eagle Brand Muscular Balm/Balsem Otot Cap Lang is used for

For temporary relief of minor aches, pains of muscle and joints.

How Eagle Brand Muscular Balm/Balsem Otot Cap Lang works

When massaged gently on the skin, it produces a cooling effect followed by a sensation of warmth which may relieve pain.

Before you use Eagle Brand Muscular Balm/Balsem Otot Cap Lang

- When you must not use it
Do not use if you have allergy to menthol, methyl salicylate or the ingredients listed at the end of the leaflet.
- Before you start use it
It may cause allergic reaction in some individuals with sensitive skin. Before you start using it, test on small area first.

- Taking other medicines

Tell your doctor if you are taking any other medicines, including any that you buy without a prescription from a pharmacy, supermarket or health food shop.

This product contains methyl salicylate and when applied or rub on to the skin, can be absorbed through the skin into the blood. If you are taking warfarin, excessive application on to the skin may increase the chances of bleeding.

How to use Eagle Brand Muscular Balm/Balsem Otot Cap Lang

- How much to use
Gently massage or rub a sufficient amount of the balm onto affected area.

- When to use it

Recommended to use 3 to 4 times daily, repeat after 2-3 hours if necessary.

- How long to use it

This product is usually for short term use only.

- If you forget to use it

Use as soon as you remember if you feel aches and pains.

- If you use too much (overdose)

Contact your doctor immediately or go to the Emergency Department of your nearest hospital, if you think you or anyone else may have used too much of this product. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

Using too much balm may cause mild chronic salicylate intoxication or salicylism, usually occurs only after repeated use of large doses. Salicylism can also occur following excessive topical application of salicylate.

Symptoms include dizziness, ringing sound, deafness, sweating, nausea and vomiting, headache and confusion, and may be controlled by reducing the dosage.

While you are using it

- Things you must do
Consult your doctor before use if you are pregnant or breastfeeding.
- Things you must not do
 - Do not bandage tightly.
- Things to be careful of
 - Keep away from the eyes, mucous membranes and open wounds. Wash hand thoroughly after each application.
 - If condition worsens, or if symptom persist for more than 7 days or clear up and occur again within a few days, discontinue use of this product and consult the doctor.
 - For external use only.

Side effects

Like all medicines, Eagle Brand Muscular Balm/Balsem Otot Cap Lang can cause side effects, although not everybody gets them. Side effects may occur in form of skin irritation, redness or swelling, burning or stinging sensation. Symptoms of dizziness and nausea may also occur.

Visit your doctor or pharmacist immediately if you experience any side effects after using this product.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring visiting the website npra.gov.my [Consumers→ Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)]

**Storage and Disposal of Eagle
Brand Muscular Balm/Balsem
Otot Cap Lang**

- Storage

Close the container tightly after use. Keep in a dry and cool place not exceeding 30°C. Protect from direct sunlight.
