Each 5.0 mL (marked dosing cup enclosed) contains: 400 mg lopinavir and 100 mg ritonavir. Alcohol 42.4% by volume.

Store KALETRA oral solution at 36 - 46°F (2 - 8°C) until dispensed.

Avoid exposure to excessive heat. Keep tightly closed.

For patient use, refrigerated KALETRA oral solution remains stable until the expiration date printed on the label. If stored at room temperature up to 77°F (25°C), oral solution should be used within 2 months.

See enclosure for prescribing information.
