What EgoPsoryl TA Gel is used for

General psoriasis, psoriasis of the scalp and long-term skin inflammation. An aid in the control of stable, moderate psoriasis and persistent skin inflammation.

How EgoPsoryl TA Gel works

- Coal tar has anti-itching, anti-inflammatory, thickening of keratin layers and anti-infective actions.
- Phenol is an antiseptic and disinfectant active against a wide range of micro-organisms. It has been used to disinfect skin and relieve itching.
- Sulfur is a keratolytic agent which helps to remove scales and is a mild antiseptic. It has been widely employed in the treatment of dandruff.

Before you use EgoPsoryl TA Gel

- When you must not use it
- With known sensitivity to any ingredients of this product.
- Children under 2 years of age

except under the direction and supervision of a doctor.

- During pregnancy or while breastfeeding. Please consult your healthcare professional before use.

- Before you start to use it

Please discuss with your doctor or pharmacist before using the product.

- Taking other medicines

- Do not use with other forms of therapy such as ultra-violet radiation or prescribed medicines unless directed by a medical practitioner.
- For enhanced effect, apply petroleum jelly over EgoPsoryl TA.

How to use EgoPsoryl TA Gel

- How much to use

For external use only. Do not swallow. Apply to affected skin 2-4 times daily.

- When to use it

Apply to affected area after cleansing with anti-itch cleansing treatment.

Scalp: Apply at night and if desired leave on during the day.

- How long to use it

Please follow the advice of the doctor or pharmacist. Do not use for prolonged periods without consulting a medical practitioner.

- If you forget to use it

If forget to use this medicine, use it as soon as remember. Then next, use this medicine at the usual time.

- If you use too much (overdose)

Contact your doctor immediately or go to the Emergency

Department of your nearest hospital, if you think you or anyone else may have taken too much of this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

While you are using it

- Things you must do

Avoid contact with eyes. If irritation occurs, discontinue use.

- Things you must not do

Do not use soap as it may irritate the skin. Not to be used under occlusion except on medical advice.

- Things to be careful of

If there is no improvement, consult your doctor or pharmacist.

Side effects

Allergy to any ingredient may cause skin irritation.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by calling Tel: 03-78835490 or visiting the website npra.gov.my [Consumers → Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)]

Storage and Disposal of EgoPsoryl TA Gel

- Storage

Store below 30°C. Keep out of reach of children.

- Disposal

EgoPsoryl TA Gel should not be disposed of via wastewater or household waste. Ask your pharmacist how to dispose of EgoPsoryl TA Gel that is no longer required. These measures will help to protect the environment.
