What Sebitar Scalp Cleansing Treatment is used for

- Relieves itching scalp and reduces inflammation.
- For relief of the symptoms of seborrhoeic dermatitis, (scaling and flaking scalp), eczema and psoriasis of the scalp.

How Sebitar Scalp Cleansing Treatment works

- Pine tar and coal tar have anti-itching, anti-inflammatory, thickening of keratin layers and anti-infective actions.
- Salicylic acid has scales removing properties and is applied topically in the treatment of scaling skin conditions such as dandruff and seborrhoeic dermatitis, ichthyosis, psoriasis and acne.

Before you use Sebitar Scalp Cleansing Treatment

- When you must not use it
- With known sensitivity to any ingredients of this product.
- With active or inflamed

psoriasis, weeping eczema, pus filled blister psoriasis, hair follicle inflammation, acne or light sensitivity.

- If you are pregnant or breastfeeding

- Before you start to use it

Please discuss with your doctor or pharmacist before using the product.

- Taking other medicines

Currently there have been no reports of problems when this product is used with other medicines.

How to use Sebitar Scalp Cleansing Treatment

- How much to use

Wet hair. Apply to affected area. Massage well. Apply more to remainder of scalp and hair. Work into a lather. Leave for 5 minutes, rinse thoroughly.

- When to use it

Use twice weekly up to once daily if required.

- How long to use it

Please follow the advice of the doctor or pharmacist.

- If you forget to use it

If forget to use this medicine, use it as soon as remember. Then next, use this medicine at the usual time.

- If you use too much (overdose)

Contact your doctor immediately or go to the Emergency Department of your nearest hospital, if you think you or anyone else may have taken too much of this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

While you are using it

- Things you must do

For external use only. Avoid contact with eyes. If Sebitar enters eyes, rinse with clean water. Use Sebitar on the scalp only.

- Things you must not do

Do not apply to acutely inflamed skin.

Things to be careful of

If there is no improvement, consult your doctor or pharmacist.

Side effects

Allergy to any of the ingredients may cause skin irritation. If irritation occurs, discontinue use. Although uncommon, coal tar may have a light sensitivity action. Sensitisation to tar (pine) may also occur but it is not common.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by calling Tel: 03-78835549 or visiting the website npra.gov.my [Consumers → Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)].

Storage and Disposal of Sebitar Scalp Cleansing Treatment

- Storage

Store below 30°C. Keep out of reach of children.

- Disposal

Sebitar Scalp Cleansing Treatment should not be disposed of via wastewater or household waste. Ask your pharmacist how to dispose of Sebitar Scalp Cleansing Treatment that is no longer required. These measures will help to protect the environment.
