To,

National Pharmaceutical Regulatory Agency

Lot 36, Jalan University, 46200,

Petaling Jaya, Selangor,

Malaysia

Subject: Declaration letter on QR code and Barcode present on artworks.

Proposed carton artwork has QR code and Barcode.

We would like to inform NPRA that A barcode is the small image of lines (bars) and spaces that is affixed to retail store items, identification cards and postal mail to identify a particular product number, person or location.

And QR code mentioned on carton and label is a 2D pharma code which is used by manufacturing unit for internal purpose to make sure that there is not mixing up in labelling materials.

Hope to clarify.

Thanking you,

For Cipla Limited
