What HexiWound Antiseptic Spray 1%w/v is used for

It is used as an antiseptic for treatment of skin lesions, cuts, abrasions, infected wounds and burns.

How HexiWound Antiseptic Spray 1%w/v works

It contains chlorhexidine that is effective against a wide range of Gram- negative and Gram-positive vegetative bacteria, yeasts, dermatophyte fungi and lipophilic viruses. It is inactive against bacterial spores except at elevated temperatures.

Before you use HexiWound Antiseptic Spray 1%w/v

- When you must not use it

Do not use it if you are allergic to any ingredients of HexiWound Antiseptic Spray 1%w/v.

- Before you start to use it

HexiWound Antiseptic Spray 1%w/v contains chlorhexidine. Inform your healthcare provider if you have a known allergy to chlorhexidine.

Stop using this product and seek immediate medical assistance if you experience rash, itching, swelling, breathing difficulties, light headedness or rapid heartbeat.

- Taking other medicines

Tell your doctor if you are taking any other medicines, including any that you buy without a prescription from a pharmacy, supermarket or health food shop.

How to use HexiWound Antiseptic Spray 1%w/v

- How much to use

Clean and dry the affected area. Then spray the solution 3 times a day.

For external use only.

- When to use it

Please follow the advice of the doctor or pharmacist.

- How long to use it

Please follow the advice of the doctor or pharmacist.

- If you forget to use it

Continue to use it as directed by your doctor or on the package label.

- If you use too much (overdose)

Chlorhexidine Gluconate taken orally is poorly absorbed into the blood. Accidental ingestion may require gastric lavage using milk, egg white, gelatine or mild soap. Employ supportive measures as appropriate. Haemolysis has been reported following ingestion or accidental intravenous administration. Haemolysis may necessitate blood transfusion.

While you are using HexiWound Antiseptic Spray 1%w/v

- Things you must do

Inform your doctor or pharmacist of all the medications you are taking.

- Things you must not do

Do not take any new medicines without consulting your doctor.

- Things to be careful of

Ask your health care provider any question you may have about how to use HexiWound Antiseptic Spray 1%w/v.

Side effects

Immune system disorders.

Frequency not known: Hypersensitivity including anaphylactic shock.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by visiting the website nptra.gov.my [Consumers -> Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)].

Storage and Disposal of HexiWound Antiseptic Spray 1%w/v

- Storage

Store below 30°C. Protect from light. Keep out of reach of children.

- Disposal

Medicines should not be disposed of via wastewater or household waste.

Ask your pharmacist how to dispose of medicines no longer required. These measures will help to protect the environment.
