have any medical conditions, especially if any of the following apply to you:

- if you are pregnant, planning to become pregnant, or are breast-feeding
- if you have allergies to medicines, foods, or other substances
- if you have had an allergic reaction to aspirin or other salicylates

-Taking other medicines

If you are taking Warfarin, excessive application may increase the chances of bleeding. Ask your health care provider if U Cap Jempol Tropiks Medicated Oil may interact with other medicines that you are taking. Check with your doctor before you start, stop, or change the dose of any medicine.

Symptoms include dizziness, ringing in the ear, deafness, sweating, nausea and vomiting, headache and confusion and may be controlled by reducing the dosage.

While you are using U Cap Jempol Tropiks Medicated Oil

-Things you must do

- For external use on unbroken skin only.
- If skin sensitivity reactions occur, discontinue use.

-Things you must not do

- Do not rub vigorously.
- Do not use on the face and avoid contact with the eye and mucous membranes.
- Do not use under occlusive dressings or heating pads.

What U Cap Jempol Tropiks Medicated Oil is used for

U Cap Jempol Tropiks Medicated Oil is used for the symptomatic relief of minor aches and pains of muscles and joints associated with backache & sprains.

How U Cap Jempol Tropiks Medicated Oil work

U Cap Jempol Tropiks Medicated Oil is a topical pain reliever. When massaged gently on the skin, it produces a cooling effect followed by a sensation of warmth to relieve the pain.

Before you use U Cap Jempol Tropiks Medicated Oil

-When you must not use it

- Do not use if you have hypersensitivity to salicylates or other ingredients;
- Do not apply to wounds or inflamed skin;
- Do not use for babies under 2 years of age.

-Before you start to use it

Tell your doctor or pharmacist if you

How to apply U Cap Jempol Tropiks Medicated Oil

-How much to use

Massage small amount onto the skin of the affected area.

-When to use it

Use as directed by your doctor or pharmacist.

Apply 3-4 times daily or when necessary.

-If you forget to use it

If you forget to use it, apply it as soon as you remember. Continue to use it as directed by your doctor or on the package label.

-If you use too much (overdose)

Contact your doctor immediately or go to the Emergency Department of your nearest hospital, if you think you or anyone else may have applied too much of this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

-Things to be careful of

- Wash your hands immediately after using.
- Ask your health care provider any questions you may have about how to use U Cap Jempol Tropiks Medicated Oil.
- This product contains camphor which can cause convulsion. Caution must be exercised when older children are treated. Avoid direct application into the nostrils. A small amount applied this way may cause immediate collapse.

Side Effects

Like all medicines, U Cap Jempol Tropiks Medicated Oil may cause side effects, although not everybody gets them. May cause skin irritation, redness or swelling, burning or stinging sensation in certain individuals. Dizziness and nausea may occur but rare. Consult doctor or pharmacist for further information if you notice any side effects and they worry you.

U CAP JEMPOL TROPIKS MEDICATED OIL

Methyl Salicylate/ Turpentine oil/ Camphor/ Peppermint Oil / Clove Oil/ Oleoresin Capsicum
(50% w/v / 12.5% w/v / 5.0% w/v / 3.125% w/v / 2.5% w/v / 3% w/v)
