What guardian 3-IN-1 JOINT FLEX Capsules is used for

It is used as adjuvant therapy for osteoarthritis.

How guardian 3-IN-1 JOINT FLEX Capsules works

It contains glucosamine which can stimulates the production of cartilage-building compounds, restore damaged cells of cartilage tissue and has some anti-inflammatory abilities. It also contains chondroitin that needed for the making of cartilage- building compounds and helps to keep cartilage healthy by absorbing and retaining water in the joint as well as MSM that can help to form connective tissues.

Before you use guardian 3-IN-1 JOINT FLEX Capsules

- When you must not use it

Hypersensitivity to glucosamine, chondroitin and MSM or patients who are allergic to seafood/ shellfish.

- Before you start to use it

Talk to your doctor or pharmacist if you are having or have had asthma, diabetes, high cholesterol, high blood pressure, a stroke, heart problems or on a controlled sodium diet as your doctor/ pharmacist may need to monitor you more regularly.

- Taking other medicines

Please inform the doctor or pharmacist if taking other medicines.
