What Pharmaniaga Ziconal Cream is used for

It is used for fungal and yeast infections of the:-

- skin of the chest or back (tinea versicolor)
- foot (tinea pedis)
- trunk, legs or arms (tinea corporis)
- groin (tinea cruris)
- scalp (seborrheic dermatitis)

How Pharmaniaga Ziconal Cream works

Pharmaniaga Ziconal Cream works by killing the fungus that causes the infection.

Before you use Pharmaniaga Ziconal Cream

-When you must not use it

Do not take Pharmaniaga Ziconal Cream if you are allergic to ketoconazole or any other ingredients contained in this medicine as listed at the end of this leaflet.

-Before you start to use it

Informed your doctor or pharmacist before taking this medicine if you:

- are pregnant or intend to become pregnant.
- are breast-feeding

If you are not sure if any of the above apply to you, talk to your doctor or pharmacist before using this medicine.

-Taking other medicines

Tell your doctor or pharmacist if you are taking any other medicines including any that you buy without a prescription from a pharmacy, supermarket or health food shop.

How to use Pharmaniaga Ziconal Cream

-How much to use

Follow all directions given to you by your doctor and pharmacist carefully. They may differ from the information contained in this leaflet. If you do not understand the instructions on the label of your medicine, ask your doctor or pharmacist for help.

Treatment of cutaneous candidiasis, tinea versicolor, tinea pedis, tinea corporis, tinea cruris:

Apply once daily to the affected area. The usual duration of treatment is 2 weeks.

Treatment of seborrheic dermatitis:

Apply twice daily to the affected area. Depending on the severity of the infection. The usual duration of treatment is 4 weeks.

-When to use it

Use as directed by your doctor or pharmacist.

-How long to use it

Continue using Pharmaniaga Ziconal Cream for as long as your doctor recommends.

-If you forget to use it

If forget to use this medicine, use it as soon as remember. Then next, use this medicine at the usual time.

-If you use too much (overdose)

Contact your doctor immediately or go to the Emergency Department of your nearest hospital if you think you or anyone else may have taken too much of this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

While you are using it

-Things you must do

Take your medicine exactly as your doctor or pharmacist has told you.

When seeking other treatment, inform all the doctors, dentists and pharmacists that you are taking Pharmaniaga Ziconal Cream.

-Things you must not do

Do not stop taking the medicine unless advised by your doctor.

Do not take any new medicines without consulting your doctor or pharmacist.

Do not give Pharmaniaga Ziconal Cream to anyone else even if they have the same symptoms or condition as you.

-Things to be careful of

If pregnant or become pregnant or breast-feeding during treatment, should not use Pharmaniaga Ziconal Cream unless doctor advised.

Side effects

Irritation, stinging and itching may occur. If any of the side effects become serious or any other side effects not listed in this leaflet, please inform the doctor or pharmacist.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by visiting the website npra.moh.gov.my [Public → Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)].

Storage and Disposal of Pharmaniaga Ziconal Cream

- Storage

Keep out of the reach and sight of children. Store below 30°C. Protect from light.

- Disposal

Medicines should not be disposed of via wastewater or household waste. Ask your pharmacist how to dispose of medicines no longer required. These measures will help to protect the environment.
