What INFECCO Hydrogen Peroxide 6% w/v is used for

- As disinfectant for wound cleaning (minor cuts, abrasions and ulcers).
- For removal of wound dressing.
- For external use only.

How INFECCO Hydrogen Peroxide 6% w/v works

Hydrogen peroxide kills bacteria by oxidizing their cell walls, stealing electrons from them and disrupting their chemical structures.

Before you use INFECCO Hydrogen Peroxide 6% w/v

- When you must not use it
 - Do not use the medicine if you or your children have an allergy to any of the ingredients listed
- Do not use the medicine on normal skin
 - In closed body cavities or surgical wounds.

- To disinfect surgical instruments.
- This product may bleach fabrics.

Before you start to use it

Pregnant or breastfeeding

Ask your doctor or pharmacist for advice before using this medicine if you are pregnant, might be pregnant or are breastfeeding. Hydrogen Peroxide Solution should be not used in pregnancy or whilst breastfeeding unless the doctor has told you to so.

Taking other medicines

Tell your doctor if you are taking any other medicines, including any that you buy without a prescription from a pharmacy, supermarket or health food shop.

How to use INFECCO Hydrogen Peroxide 6% w/v

- How much to use

Follow all directions given to you by your doctor and pharmacist carefully. They may differ from the information contained in this leaflet. If you do not understand the instructions on the label, ask your doctor or pharmacist for help.

For skin disinfection:

Adults, the elderly and children:
Dilute a portion of the peroxide with an equal amount of water. Soak some cotton wool in this solution and use it to dress the wound as required.

When to use it

Use as directed by your doctor or pharmacist.

How long to use it

Continue taking INFECCO Hydrogen Peroxide 6% w/v for as long as your doctor recommends.

If you forget to use it

Consult your doctor or pharmacist on what you should do if you forget to use it.

If you use too much (overdose)

Contact your doctor immediately or go to the Emergency Department of your nearest hospital, if you think you or anyone else may have taken too much of this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

While you are using it

Things you must do

- Wear protective gloves/protective clothing/eye protection/face protection.
- Wear fire/flammable resistant/retardant clothing.

Things you must not do

Do NOT eat, drink or smoke when using this product.

Things to be careful of

None

Side effects

Like all medicines. Hydrogen Peroxide Solution can have side effects, although these don't affect everyone.

Possible side effects of strong solutions are:

- Irritating burns on the skin and other soft tissues of the body producing a white patch of dead tissues. The pain from this will disappear after about an hour.
- If you notice these or any other side effects, stop use and tell your doctor or pharmacist. They will tell you what to do.
