

Each Vial Contains:
Pemetrexed (as Pemetrexed Disodium 2.5 Hydrate) 500 mg

Dosage: As directed by the physician.

Refer package insert for the detail of uses and reconstitution.

Discard unused contents appropriately.

Storage: Store below 30°C.

Unopened vial: This medicinal product does not require any special storage conditions.

Reconstituted and infusion solutions: When prepared as directed, reconstituted and infusion solutions of Pemetrex-Venus contain no antimicrobial preservatives. Chemical and physical in-use stability of reconstituted and infusion solutions of Pemetrex-Venus were demonstrated for 24 hours at refrigerated temperature. From a microbiological point of view, the product should be used immediately. If not used immediately, in-use storage times and conditions prior to use are the responsibility of the user and would not be longer than 24 hours at 2°C to 8°C.
