Guidelines to printer for processing & printing :

1. 5 colour printing job with PANTONE scheme.
2. 5 PANTONE colours : **PANTONE 186 C** ■ **Pantone Orange 021 C** ■ Pantone Process Black C ■ PANTONE 877 C SILVER ■ **Pantone Red 1795 C** ■
3. Shades that need to appear from the 4 colours to be used for printing : 20% Pantone 186 C, 80% Process Black C
4. The printer can ask for printed sample as a colour reference for better reproduction of colour scheme. For doubts, regarding fonts/design/colour scheme or any other discrepancy observed regarding the artwork file, do contact Packaging Development Department.
5. Pantone Orange 021 C should appear as it is on the shade card with varnish. i.e. the light, standard and dark shades of orange should be perceptible as Pantone Orange 021 C to human eye
