What SW Aqueous Cream is used for

It is used for skin hydration or as a medium to absorb other medication into the skin.

How SW Aqueous Cream works

It works by relieving and soften the skin conditions.

Before you use SW Aqueous Cream

- When you must not use it

Do not use SW Aqueous Cream if you or your child are allergic to white soft paraffin or cetomacrogol 1000 or any other ingredients of this medicine (listed in Product Description).

- Before you start to use it

Please consult your doctor or pharmacist if you are pregnant, planning for pregnancy or breast-feeding before using any medicine.

- Taking other medicines

Tell your doctor if you are taking any other medicines, including any that you buy without a prescription from a pharmacy, supermarket or health food shop.

How to use SW Aqueous Cream

- How much to use

Apply an adequate amount of cream to cover the affected areas twice daily or as directed by the physician.

- When to use it

Apply SW Aqueous Cream twice daily or as directed by your doctor or pharmacist.

- How long to use it

Use SW Aqueous Cream for the duration that the doctor or pharmacist recommends.

- If you forget to use it

Apply the missed dose as soon as you remember. If it is almost time for your next dose, wait until then to apply the medicine and skip the missed dose. Do not apply a double dose to make up for the missed dose.

- If you use too much (overdose)

Contact your doctor immediately or go to the Emergency Department of your nearest hospital, if you or anyone else may have used too much of this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

While you are using it

- Things you must do

- Tell all the doctors, dentists and pharmacists treating you that you are using SW Aqueous Cream.

- Things you must not do

- Do not use any new medicines without consulting your doctor or pharmacist.
- Do not give SW Aqueous Cream to anyone else, even if they have the same symptoms or condition as you.

- Things to be careful of

- Avoid getting the cream into eyes. If hypersensitivity reactions are observed, use of this cream should be discontinued.

Side effects

Like all medicines, SW Aqueous Cream can cause side effects, although not everybody gets them.

Visit your doctor or pharmacist immediately if you experience any side effects after using this medicine.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by visiting the website npra.gov.my [Consumers→ Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)].

Storage and Disposal of SW Aqueous Cream

- Storage

Store at or below 30°C. Keep the container well closed.

- Disposal

Medicines should not be disposed of via wastewater or household waste. Ask your pharmacist how to dispose of medicines no longer required. These measures will help to protect the environment.

Product Description

- What it looks like

A white and smooth cream.

- Ingredient(s)

- Active Ingredient

- White Soft Paraffin
- Cetomacrogol 1000

- Inactive Ingredients

- Cetostearyl Alcohol
- Chlorocresol
- Ethylene Diaminetetraacetate
- Deionised Water

- MAL number

MAL19920890XZ

Manufacturer and Product Registration Holder

Sunward Pharmaceutical Sdn. Bhd.
No. 9,11 & 17, Jalan Kempas 4, Taman Perindustrian Tampoi Indah, 81200 Johor Bahru, Johor, Malaysia.
