What Ubat Kulit Cap Ayam is used for

For fungal infections of the skin with itchiness

How Ubat Kulit Cap Ayam works

Salicylic acid and resorcinol soften the skin as well as give skin hydration, thus facilitating the removal of the invading fungi from the skin. Benzoic acid is an antifungal agent which helps fight the fungal infection.

Before you use Ubat Kulit Cap Ayam

- When you must not use it

Do not take Ubat Kulit Cap Ayam:

- if you are allergic to salicylic acid, benzoic acid, resorcinol or any other ingredients of this medicine (listed in Product Description).

- Before you start use it

Pregnancy and lactation

Please consult your doctor or pharmacist if you are pregnant, planning for pregnancy or breast-feeding before using any medicine.

- Taking other medicines

Tell your doctor if you are taking any other medicines, including any that you buy without a prescription from a pharmacy, supermarket or health food shop.

How to use Ubat Kulit Cap Ayam

- How much to use

Apply on to the affected skin.

Follow all directions given to you by your doctor and pharmacist carefully. They may differ from the information contained in this leaflet. If you do not understand the instructions on the label, ask your doctor or pharmacist for help.

- When to use it

Rub three times daily or as directed by your doctor or pharmacist.

- How long to use it

Use Ubat Kulit Cap Ayam for the duration that the doctor recommends. Longer use may cause skin feels dry.

- If you forget to use it

Consult your doctor or pharmacist on what you should do if you forget to use it.

Apply the missed dose as soon as you remember. If it is almost time for your next dose, wait until then to apply the medicine and skip the missed dose. Do not apply double dose to make up the missed dose.

- If you use too much (overdose)

Contact your doctor immediately or go to the Emergency Department of your nearest hospital, if you think you or anyone else may have use too much of this medicine. Do this even if there are no signs of

discomfort or poisoning. You may need urgent medical attention.

Using too much of this product may cause skin irritation or excessive dryness.

While you are using it

- Things you must do

Use your medicine exactly as your doctor has told you.

Tell all the doctors, dentists and pharmacists treating you that you are using Ubat Kulit Cap Ayam.

Tell your doctor immediately if you become pregnant while using this medication.

- Things you must not do

Do not use on broken or inflamed skin.

Do not stop using the medicines unless advised by your doctor.

Do not use any new medicines without consulting your doctor or pharmacist.

Do not give Ubat Kulit Cap Ayam to anyone else, even if they have the same symptoms or condition as you.

- Things to be careful of

This product is for external use only and not to be taken orally.

Side effects

Like all medicines, Ubat Kulit Cap Ayam can cause side effects, although not everybody gets them.

Visit your doctor or pharmacist immediately if you experience any side effects after using this medicine.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring visiting the website npra.gov.my [Consumers→ Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)]

Storage and Disposal of Ubat Kulit Cap Ayam.

- Storage

Keep out of the reach and sight of children.

Keep in a dry place below 30°C.

Do not use this product after the expiry date.

- Disposal

Medicines should not be disposed of via wastewater or household waste. Ask your pharmacist how to dispose of medicines no longer required. These measures will help to protect the environment.
