What Enclor Ear Drops 5% w/v is used for

Enclor Ear Drops 5% w/v is used in the treatment of a wide range of bacterial infections of the outer ear.

How Enclor Ear Drops 5% w/v works

Enclor Ear Drop 5% w/v belongs to a group of medicines known as antibiotics. It works by stopping the growth of bacteria causing your infection.

Before you use Enclor Ear Drops 5% w/v

-When you must not use it

You must not take this medicine and should talk to your doctor or pharmacist if:

- You are allergic to Chloramphenicol or any of the ingredients in this medicine.

Pregnancy and breast-feeding

Do not use if you are pregnant, thinking of becoming pregnant, or breast feeding. Ask your doctor or pharmacist before taking this medicine.

-Before you start use it

Tell your doctor or pharmacist if you have other medical problems.

-Taking other medicines

Please inform your doctor or pharmacist if you are taking any or

have recently taken any other medicine even those not prescribed which you obtained from a pharmacy, supermarket or any other source.

The effects of some medicines may be affected if other medicines are used at the same time.

How to use Enclor Ear Drops 5% w/v

Always use the medicine exactly as your doctor or pharmacist has told you. Read the direction labels carefully. If you do not understand the instructions on the label, ask your doctor or pharmacist to explain the instructions to you.

-How much to use

Two to three drops are instilled into the ear three times daily.

-When to use it

Follow the direction label carefully and as instructed by your doctor or pharmacist.

-How long to use it

Continue taking this medicine as long as your doctor or pharmacist recommends.

-If you forget to use it

Take the missed dose as soon as you remember. If it is almost time for your next dose, wait until then to take the medicine and skip the missed dose. Do not take a double dose to make up for the missed dose.

-If you use too much (overdose)

In case of excessive amount being instilled into the ear, it should be drained out by tilting the head to one side and wash the ear with warm water.

Immediately call your doctor or go to the emergency department at your nearest hospital if you or anyone else has taken a large amount of this medication. You may need urgent medical attention.

While you are using Enclor Ear Drops 5% w/v

-Things you must do

If you seek other medical treatment, inform your doctor or pharmacist that treating you that you are taking this medicine.

-Things you must not do

Do not stop taking the medicine unless advised by your doctor or pharmacist. Do not give this medicine to anyone else even they have similar symptoms or conditions as you.

-Things to be careful of

If irritation, sensitization or allergic reactions occurs, stop using it and ask your doctor.

Prolonged use in some cases may result in overgrowth of other infections including fungi.

Side Effects

Like all medicines, Enclor Ear Drops 5% w/v can cause side effects, although not everybody gets them.

Visit your doctor or pharmacist immediately if you experienced any side effects after taking this medicine.

Possible side effects include:

- Irritation such as Burning, Itching
- Inflammation of the skin

Other side effects not listed above may occur in some people. Tell your doctor or pharmacist if you notice anything that is making you feel unwell after using this medicine.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by visiting the website npra.gov.my [Consumers → Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)].
