What is Surgi Scrub used for

Surgi Scrub is used for general skin cleansing.

How Surgi Scrub works

Surgi Scrub contains chlorhexidine gluconate which has antibacterial and bacteriostatic properties against a wide range of bacteria, viruses and fungi. It is formulated as foam product for effective cleaning and with emollients to maintain the skin's natural oil and moisture levels.

Before you use Surgi Scrub

- When you must not use it

Do not use Surgi Scrub:

- if you are allergic (hypersensitive) to chlorhexidine gluconate or to any of the other ingredients (listed in the Product Description section.)
- as a skin preparation for the face and head before surgery.

- Before You Start To Use It

Pregnancy and lactation

Please consult your doctor or pharmacist if you are pregnant, planning for pregnancy or breast-feeding before using any medicine.

- Taking other medicines

Tell your doctor if you are taking any

other product, including any that you buy without a prescription from a pharmacy, supermarket or health food shop.

How to use Surgi Scrub

- How much to use

Do not dilute. To be used in full strength.

Direction for Use

For general skin cleansing

Thoroughly rinse area to be cleansed with water. Apply the minimum amount of Surgi Scrub necessary to cover the skin. Wash gently and rinse thoroughly with water.

- When to use it

Use as directed by your doctor or pharmacist.

- How long to use it

Use Surgi Scrub only for the duration that the doctor recommends.

- If you forget to use it

Not Applicable.

- If you use too much (overdose)

If you or anyone had accidentally swallowed this solution, drink large glasses of water and seek a medical assistance immediately.

Contact your doctor immediately or go to the Emergency Department of your nearest hospital if you think you or anyone else may have use too much of this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

While you are using it

- Things you must do

Use this product exactly as your doctor or pharmacist has told you.

Tell all the doctors, dentists and pharmacist treating you that you are using Surgi Scrub.

- Things you must not do

Do not use any new products without consulting your doctor or pharmacist.

Do not give Surgi Scrub to anyone else, even if they have the same symptoms or condition as you.

Do not use this product for routine cleansing of broken skin or wounds.

This product also not to be used for repeated general skin cleansing of large body areas except in individuals with bacterial skin infection

- Things to be careful of

Surgi Scrub is intended for external use only.

Avoid contact with eyes, ears and mouth.

Side effects

Like all medicines, Surgi Scrub can cause side effects, although not everybody gets them.

Visit your doctor or pharmacist immediately if you experience any side effects after using.

Stop using this product and seek immediate medical assistance if you experience rash, itching, swelling, breathing difficulties, light-headedness or rapid heartbeat.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by visiting the website npra.gov.my [Consumers→ Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)].

Storage and Disposal of Surgi Scrub

- Storage

Store below 30°C. Away from direct sunlight.

Keep out of the reach of children.
