Fucithalmic®

Fusidic acid 10 mg/g
Viscous eye-drops

Fucithalmic® is a sterile 1% aqueous sustained-release formulation of fusidic acid, preserved with benzalkonium chloride.

Product Description:

Viscous, white to off-white aqueous suspension.

Properties:

Fucithalmic® is active against Staphylococci, Streptococci, Neisseria, Haemophilus, Moraxella and Corynebacteria.

The sustained-release formulation of Fucithalmic® ensures a prolonged contact with the conjunctival sac. A twice-daily application provides sufficient concentrations in all relevant tissues of the eye. Fucithalmic® penetrates well into the aqueous humour.

Indications:

Bacterial eye infections caused by susceptible organisms in conjunctivitis, blepharitis, sty, keratitis, dacryocystitis and in connection with removal of foreign bodies.

Dosage:

One drop to be instilled into the eye twice daily. Treatment should be continued for at least two days after the eye appears normal.

Contra-indications:

Hypersensitivity to any component.

Precautions:

Should not be used when contact lenses are being worn.

Pregnancy and lactation:

There is inadequate evidence of safety in human pregnancy.
Animal studies and many years of clinical experience have suggested that fusidic acid is devoid of teratogenic effects. Safety in nursing mothers has not been established.

Side-effects:

Transient stinging may occur. Fucithalmic® has a very low allergenic potential.

Drug interaction:

Not relevant.

Incompatibilities:

Fucithalmic® is a ready-for-use preparation and should, therefore not be mixed with other ingredients or preparations.

AMDIPHARM

AMS Component No.:	LF-126330-01
Product Description:	Fucithalmic 10mg/g EYE DROP MY 5g
Component:	Leaflet
Product Code:	102628
Country:	MY
Vendor Name:	Cenexi HSC
Proof Number:	2
Revision Date:	05-Sep-2023
Revised by:	DAJ

Dimension:	157x250mm
Commodity No.:	28067578
Pharma Code:	067578
Print Colours:	Black
Non-Print Colours:	Cutter
Min. Font Size:	10 pt

Storage:

Store below 30°C.

Discard after 28 days from opening.

Dosage form: Viscous Eye-Drops

Packaging: 5g tube

Manufactured by:

Cenexi HSC, 2 rue Louis Pasteur, Herouville Saint Clair, 14200, France
