CSL Behring Biotherapies for Life™			

The hypooncotic pasteurized solution contains 50 g/l human plasma protein, of which $\geq 96\%$ is human albumin, 4 mmol/l sodium N-acetyltryptophanate, 4 mmol/l sodium caprylate, sodium chloride q.s. to a sodium content of 140 mmol/l and water for injections q.s. to 1 l. Aluminium content $\leq 200 \mu\text{g/l}$.

Read package insert carefully before use. Do not store above 30 °C. Do not freeze. Keep the vial in the outer carton in order to protect from light. Keep out of the reach of children. Do not use solutions which are cloudy or have deposits. Use immediately after the vial has been opened. Discard any unused product.
