What SHINE LIVSCORE CAPSULE is used for

SHINE LIVSCORE CAPSULE is used as an adjunct treatment of chronic liver disease, liver cirrhosis, fatty liver and liver disorder caused by certain medicines.

How SHINE LIVSCORE CAPSULE works

Silymarin is actually a group of flavonoids taken from milk thistle seeds, which are thought to help repair liver cells damaged by alcohol and other toxic substances. Silymarin also keeps new liver cells from being destroyed by these same toxins. It reduces inflammation and is a strong antioxidant

Before you use SHINE LIVSCORE CAPSULE

-When you must not use it

You must not take it if you are allergic to the ingredients of this medicine.

-Before you start to use it

Tell your doctor or pharmacist if you have allergies to any medicines or if you have any medical conditions.

-Taking other medicines

Tell your doctor if you are taking any other medicines, including any that you buy without a prescription from a pharmacy, supermarket or health food shop.

How to use SHINE LIVSCORE CAPSULE

-How much to use

1 capsule, 3 times daily

-When to use it

To be taken after meal.

-How long to use it

You should consult your doctor or pharmacist on the duration of taking SHINE LIVSCORE CAPSULE based on your medical condition.

-If you forgot to use it

If you miss a dose of SHINE LIVSCORE CAPSULE, take the missed dose as soon as you remember. However, if it's almost time for the next dose, skip the missed dose and continue the regular dosing schedule. Do not take a double dose to make up for a missed one

-If you use too much (overdose)

Contact your doctor immediately or go to the Emergency Department of your nearest hospital, if you think you or anyone else may have use too much of this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

While you are using it

-Things you must do

Follow the recommended dosage stated on the label of the bottle.

-Things you must not do

Do not stop using the medicine unless advised by your doctor.

Do not use any new medicines without consulting your doctor or pharmacist.

Do not give SHINE LIVSCORE CAPSULE to anyone else, even if they have the same symptoms or condition as you.

-Things to be careful of

Do not take SHINE LIVSCORE CAPSULE without first talking to your doctor or pharmacist if you are pregnant, planning to get pregnant or lactating.

Side effects

SHINE LIVSCORE CAPSULE may cause serious allergic reaction including difficulty in breathing, swelling of lips, tongue or face or hives. Other less

serious side effects include mild stomach upset.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by visiting the website npra.gov.my [Consumers→Reporting side effects to Medicines (ConSERF) or Vaccines (AEFI)]

Storage and Disposal of SHINE LIVSCORE CAPSULE

-Storage

Store at temperature below 30°C in a dry place. Protect from light.

-Disposal

Medicines should not be disposed of via wastewater or household waste. Ask your pharmacist how to dispose of medicines no longer required. These measures will help to protect the environment.
