What *Vocasept® Throat Lozenges Menthol Eucalyptus* is used for

Vocasept® Throat Lozenges Menthol Eucalyptus is used for symptomatic relief of mouth and throat infections.

How *Vocasept® Throat Lozenges Menthol Eucalyptus* works

Vocasept® Throat Lozenges Menthol Eucalyptus contains the active ingredients 2,4-Dichlorobenzyl alcohol and Amylmetacresol that are antiseptics. These two active ingredients exert an antibacterial, antifungal and antiviral properties.

Before you use *Vocasept® Throat Lozenges Menthol Eucalyptus*

- *When you must not use it*

Do not take this medicine if you are hypersensitive to any of the ingredients in this product.

This medicine is not to be used in children below 6 years of age.

Please do not take this medicine if you have a rare hereditary condition called glucose-galactose malabsorption or sucrose isomaltose insufficiency. If you are unsure about this, kindly ask your doctor or pharmacist for advice.

- *Before you start to use it*

Please read all instructions carefully before using this product. Full details are available in the package insert of this product. If you are unsure about any information, kindly seek advice from your doctor or pharmacist before use.

- *Taking other medicines*

It is not known if this medicine interacts significantly with other medications. However, if you are currently on any medication, whether it is bought over the counter, without a prescription from the pharmacy or from a health food store, please consult your doctor or pharmacist before use.

How to use *Vocasept® Throat Lozenges Menthol Eucalyptus*

- *How much to use*

Please follow instructions carefully as stated in the product's package insert. If you are unsure, kindly seek advice from your doctor or pharmacist.

The usual dose for adults and children (over 6 years old) is one lozenge, sucked slowly every 2 to 3 hours. You may take up to maximum of 12 lozenges only in one day.

- *When to use it*

Use as directed by your doctor or pharmacist.

- *How long to use it*

Use this medicine as directed. If your symptoms persist, have not improved or have worsened after 3 days, please consult your doctor or pharmacist for advice.

- *If you forget to use it*

Consult your doctor or pharmacist on what you should do if you forget to use it.

Take the missed dose as soon as you remember. If it is almost time for your next dose, wait until then to take the medicine and skip the missed dose. Do not take a double dose to make up for the missed dose.

- *If you use too much (overdose)*

Contact your doctor immediately or go to the Emergency Department of your nearest hospital, if you think you or anyone else may have taken too much of this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

Gastrointestinal discomfort is a symptom of overdosage of this medicine.

While you are using it

- *Things you must do*

Take this medicine exactly as instructed.

Tell all the doctors, dentists and pharmacists treating you that you are taking Vocasept® Throat Lozenges Menthol Eucalyptus.

- *Things you must not do*

Do not take any new medicines without consulting your doctor or pharmacist.

Do not give Vocasept® Throat Lozenges Menthol Eucalyptus to anyone else, even if they have the same symptoms or condition as you.

- *Things to be careful of*
