

Urosulf[®] Sachet for Oral Solution

Composition: Each sachet contains chondroitin sulphate 1200mg (Bovine origin)

Effervescent agents: Sodium Bicarbonate, citric acid

Description: White to off white powder with yellow beads lemon flavour.

Indication: Used as health supplement.

Dosage: Adult - Unless your doctor directs otherwise, take one sachet daily before meals. The entire contents of one sachet should be fully dissolved in at least 250 ml of water (one glass) before drinking.

Contraindication: Patients with known hypersensitivity towards chondroitin.

Warning/Precautions: Chitosan may form complexed with chondroitin sulphate, decreasing absorption. Therefore do not use concomitantly with chitosan. Avoid usage in children, pregnant women and nursing mother.

Drug Interaction: Concurrent use of chondroitin sulphate with anticoagulants might increase the risk of bleeding. Chondroitin may have interaction with warfarin activity.

Side-effects: Gastro-intestinal irritation such as slight dyspeptic symptoms, nausea and vomiting are rarely reported.

Use in pregnancy and lactation: Available evidence is inconclusive or inadequate for used in pregnant or lactating mothers. Until more information is available, this product should only be used under medical supervision in lactating mothers and pregnancy if the potential benefit to the mother justifies the potential risk to the fetus. Administration during the first 3 months of pregnancy must be avoided.

Overdose and treatment: Unknown

Packaging: 5.4g powder x 14's per box

Storage Condition: Store at room temperature below 30°C in dry place. Protect from light and moisture.

Shelf-life: 3 years from the date of manufacture.

KEEP OUT OF REACH OF CHILDREN.

Jauhi dari kanak-kanak.
