What WINA AQUEOUS CREAM is used for

WINA AQUEOUS CREAM is a dermatological cream for the relief of the symptoms of dry skin conditions and as soap substitute to wash the skin.

How WINA AQUEOUS CREAM works

WINA AQUEOUS CREAM is an emollient cream which helps soothe, soften and moisture dry skin.

Before you use WINA AQUEOUS CREAM

-When you must not use it

This product should not be used by individuals with known sensitivity to any ingredients of this product.

Pregnancy and Lactation

You can use WINA AQUEOUS CREAM if you are pregnant or breastfeeding.

-Before you start to use it

Please tell your doctor if you are taking any other medicines, including herbal products or any that you buy without a prescription from a pharmacy, supermarket or health food shop.

-Taking other medicines

Currently there have been no reports of problems when this

product is used with other medicines.

How to use WINA AQUEOUS CREAM

-How much to use

Adults, children and elderly:

To be applied to the skin as required.

-When to use it

Use as directed by your doctor or pharmacist. For use on the skin only

-How long to use it

Continue using WINA AQUEOUS CREAM as your doctor recommended. If symptoms persist, consult your doctor.

-If you forget to use it

Apply immediately as soon as you remember.

-If you use too much (overdose)

It is unlikely to experience overdose if used as indicated. Contact your doctor immediately or go to the Emergency Department of your nearest hospital, if you or anyone else may have accidentally ingested this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

While you are using it

-Things you must do

Tell all the doctors, dentists and pharmacists treating you that you are using WINA AQUEOUS CREAM

- Things you must not do

- Do not use more than the recommended dose unless your pharmacist or doctor tells you.
- Do not use any new medicines without consulting your doctor or pharmacist.
- Do not give WINA AQUEOUS CREAM to anyone else, even if they have the same symptoms or condition as you.

-Things to be careful of

No adverse effect on ability to drive and use machine.

Side effects

Like all medicines, WINA AQUEOUS CREAM can cause side effects, although not everybody gets them.

If side effects persist, do not use the medicine and refer to the doctor.

Tell your doctor if you notice any of the following side effects or notice any other effects not listed:

- Occasional allergic reactions.
- immediate cutaneous reactions when used as a leave-on emollient, such as stinging, burning, itching and redness.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by visiting the website npra.gov.my [Consumers → Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)].

Storage and disposal of WINA AQUEOUS CREAM

-Storage

Keep container tightly closed. Store below 30°C. Protect from freezing, heat and direct light.

-Disposal

Medicines should not be disposed of via wastewater or household waste. Ask your pharmacist how to dispose of medicines no longer required. These measures will help to protect the environment.
