

50 mg in 50 ml

Glyceryl Trinitrate-hameln
1 mg/ml Injection

1 vial containing 50 ml. 50 ml solution contains 50 mg glyceryl trinitrate.
 For i.v. infusion. **Do not store above 30°C. Do not freeze.**

Opened ampoules and vials: The product should be used immediately after opening the container.
 Any unused solution from opened containers should be discarded. Prepared infusion solutions:
 Chemical and physical in-use stability has been demonstrated in glucose solution 5% and sodium
 chloride solution 0.9% for 24 hours at 25°C. From a microbiological point of view, the product
 should be used immediately. If not used immediately, in-use storage times and conditions prior
 to use are the responsibility of the user and would normally not be longer than 24 hours
 at 2°C to 8°C, unless dilution has taken place in controlled and validated aseptic conditions.
 Keep of reach of children! **Jauhi daripada kanak-kanak!**
