What Ultimax Cream is used for

Ultimax Cream is used for temporary relief of pain associated with musculoskeletal soreness and discomfort.

How Ultimax Cream works

Ultimax Cream contains methyl salicylate and menthol which act as counterirritants (causing the skin to feel cool and then warm). It also contains eucalyptus oil which has rubefacient action (causing increased blood flow and redness of the skin). These feelings on the skin distract you from the pains in your muscles, joints, and tendons.

Before you use Ultimax Cream

- When you must not use it

Do not use this medicine if you are allergic to methyl salicylate, eucalyptus oil, menthol or any other ingredients of this medicine (listed in Product Description).

Do not use this product on children under 2 years of age.

- Before you start to use it

Be careful when using this product to treat children aged 2 years and above.

Pregnancy and lactation

Please consult your doctor or pharmacist if you are pregnant, planning for pregnancy or breast-feeding before using any medicine.

- Taking other medicines

This product contains methyl salicylate and when applied or rub on to the skin, can be absorbed through the skin into the blood.

If you are taking warfarin (a medicine to reduce blood clotting), excessive application on to the skin may increase the chances of bleeding.

Consult your doctor if you are taking any other medicines, including any that you buy without a prescription from a pharmacy, supermarket or health food shop.

How to use Ultimax Cream

- How much to use

Gently massage on the skin as required.

Follow all directions given to you by your doctor and pharmacist carefully. They may differ from the information contained in this leaflet. If you do not understand the instructions on the label, ask your doctor or pharmacist for help.

- When to use it

Apply as directed by your doctor or pharmacist.

Gently massage on intact skin two to three times a day. Best used after a hot bath.

- How long to use it

Apply Ultimax Cream for the duration as your doctor or pharmacist recommends.

- If you forget to use it

Apply the missed dose as soon as you remember. If it is almost time for your next dose, wait until then to apply the medicine and skip the missed dose. Do not apply a double dose to make up for the missed dose.

- If you use too much (overdose)

Contact your doctor immediately or go to the Emergency Department of your nearest hospital if you think you or anyone else may have used too much of this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

While you are using it

- Things you must do

Tell all the doctors, dentists and pharmacists treating you that you are using Ultimax Cream.

Tell your doctor immediately if you become pregnant while using this medication.

- Things you must not do

Do not stop using the medicine unless advised by your doctor.

Do not use any new medicines without consulting your doctor or pharmacist.

Do not give Ultimax Cream to anyone else, even if they have the same symptoms or condition as you.

- Things to be careful of

For external use only.

It should not be applied to broken or inflamed skin or near the eyes or mucous membranes.

Side effects

Like all medicines, Ultimax Cream can cause side effects, although not everybody gets them.

Possible side effects that may occur are;

- hypersensitivity reactions e.g. with symptoms like itching, swelling of the face or throat (angioneurotic oedema), rash, difficulty breathing.

Visit your doctor or pharmacist immediately if you experience any side effects after using this medicine.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring visiting the website npra.gov.my [Consumers→ Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)].

Storage and Disposal of Ultimax Cream

- Storage

Keep out of reach of children.

Store below 30°C. Protect from light and freezing.

- Disposal

Medicines should not be disposed of via wastewater or household waste. Ask your pharmacist how to dispose of medicines no longer required. These measures will help to protect the environment.

Product Description

- What it looks like

Pale green opaque cream

- Ingredients

- Active ingredient(s)

Methyl Salicylate
Eucalyptus Oil
Menthol

- Inactive ingredients

Purified Water, Polysorbate 80,
Triethanolamine, Carbomer,
Capsicum Oleoresin, Chlorophyll
Oil Soluble, Methyl
Hydroxybenzoate, Chlorocresol
and Propyl Hydroxybenzoate

- MAL number(s):

MAL20021181X

Manufacturer and Product Registration Holder

Hovid Berhad
121, Jalan Tunku Abdul Rahman
(Jalan Kuala Kangsar),
30010 Ipoh,
Perak, Malaysia.
