What Hovid Calamine Lotion is used for

Hovid Calamine Lotion is used to relieve skin irritations such as redness, itching and sunburn.

How Hovid Calamine Lotion works

Hovid Calamine Lotion contains calamine, zinc oxide and phenol that works synergistically to soothe and protect the skin. Calamine provides relief from itching and irritation and zinc oxide forms a protective barrier.

Before you use Hovid Calamine Lotion

- When you must not use it

Do not use Hovid Calamine Lotion:

- If you are allergic to calamine, zinc oxide, and liquid phenol or any other ingredients contained in this medicine as listed in at the end of this leaflet.

- Before you start to use it

Pregnancy and lactation

Please consult your doctor or pharmacist if you are pregnant, planning for pregnancy or breast-feeding before using any medicine.

- Taking other medicines

Tell your doctor or pharmacist if you are taking any other medicines, including any that you buy without a prescription from a pharmacy, supermarket or health food shop.

How to use Hovid Calamine Lotion

- How much to use

Apply on the skin as required and allow to dry. Follow all directions given to you by your doctor and pharmacist carefully. They may differ from the information contained in this leaflet. If you do not understand the instructions on the label, ask your doctor or pharmacist for help.

- When to use it

Apply as directed by your doctor or pharmacist.

- How long to use it

Apply using Hovid Calamine Lotion for the duration that the doctor recommends.

- If you forget to use it

Apply the missed dose as soon as you remember. If it is almost time for your next dose, wait until then to apply the medicine and skip the missed dose. Do not apply a double dose to make up for the missed dose.

- If you use too much (overdose)

Contact your doctor immediately or go to the Emergency Department of your nearest hospital, if you think you or anyone else may have used too much of this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

Applying too much may cause nausea, vomiting, epigastric discomfort, diarrhea and eating disorder.

While you are using it

- Things you must do

Ensure the area to be treated is clean and dry.

Tell your doctor immediately if you become pregnant while using this medication.

Tell all the doctors, dentists and pharmacists treating you that you are using Hovid Calamine Lotion.

- Things you must not do

Do not stop using the medicine unless advised by your doctor.

Do not use any new medicines without consulting your doctor or pharmacist.

Do not give Hovid Calamine Lotion to anyone else, even if they have the same symptoms or condition as you.

- Things to be careful of

For external use only.

Side effects

Like all medicines, Hovid Calamine Lotion can cause side effects, although not everybody gets them.

Hovid Calamine Lotion may cause occasional hypersensitivity reactions.

Visit your doctor or pharmacist immediately if you experience any side effects after using this medicine.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring visiting the website npra.gov.my [Consumers→ Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)].
