What hovid Methyl Salicylate Liniment is used for

It is used for the relief of pain related to strains or sprains, pain on the joint, nerve and muscle.

How hovid Methyl Salicylate Liniment works

hovid Methyl Salicylate Liniment contains methyl salicylate. When it is rubbed on the skin, it absorbs through the skin, and works by increasing blood flow, provide feeling of warmth and relieve pain.

Before you use hovid Methyl Salicylate Liniment

- When you must not use it

Do not use if you are allergic to Methyl Salicylate or any other ingredients in this product (listed in Product Description section).

-Before you start to use it:

Please consult your doctor or pharmacist if you are pregnant, planning for pregnancy or breast-feeding before using any medicine.

- Taking other medicines

Tell your doctor if you are taking any other medicines, including any that you buy without a prescription from a pharmacy, supermarket or health food shop.

If you are taking warfarin, excessive application on to the skin may increase the chances of bleeding.

How to use hovid Methyl Salicylate Liniment

- How much to use

Massage on intact skin 2 to 3 times a day as needed.

- When to use it

Use 2 to 3 times a day when required or as directed by your doctor or pharmacist.

- How long to use it

Use hovid Methyl Salicylate Liniment for short term relief only.

- If you forget to use it

Consult your doctor or pharmacist on what you should do if you forget to use it.

Apply the missed dose as soon as you remember. If it is almost time for your next dose, wait until then to apply the medicine and skip the missed dose. Do not apply a double dose to make up for the missed dose.

- If you use too much (overdose)

Contact your doctor immediately or go to the Emergency Department of your nearest hospital if you think you or anyone else may have use too much of this medicine. Do this even if there are no signs of

discomfort or poisoning. You may need urgent medical attention.

Applying too much medicine may cause rapid breathing, high body temperature, stomach pain, nausea, vomiting, too much acid in the body, too much fluid in the lungs.

While you are using it

- Things you must do

Tell all the doctors, dentists and pharmacists treating you that you are using hovid Methyl Salicylate Liniment.

Tell your doctor immediately if you become pregnant while using this medication.

- Things you must not do

Do not use any new medicines without consulting your doctor or pharmacist.

Do not give hovid Methyl Salicylate Liniment to anyone else, even if they have the same symptoms or condition as you.

- Things to be careful of

Do not apply onto open wounds or inflamed skin or near the eyes or mucous membranes. It is for external use only.

If you experience any side effects, irritation or infection, stop using this medicine and consult your doctor or pharmacist.
