

Dear Parents and Patients,
Please read this patient information leaflet carefully as it contains important instructions for the use of this product. Please consult your physician or pharmacist if you have any questions.

Sinupret®

Children's Syrup

Composition:
100g Sinupret® children's syrup contains as active ingredients 10g of an aqueous-alcoholic extract (extractant: ethanol 59% v/v) of Radix Gentianae Lutea 0.07g, Flores Primulae Veris cum Calycibus 0.21g, Herba Rumex Acetosa 0.21g, Flores Sambucus Nigra 0.21g, Herba Verbenae Officinalis Lutea 0.21g. Ethanol content: 8% v/v. *Other ingredients: Maltite syrup, nature-identical/natural cherry aroma.*

Indication:
Traditionally used to relieve sinusitis, nasal congestion and reducing phlegm.

Contraindications:
None known.

Precautions to be taken and warnings:
If used as directed, does not require any special precautions.
This is a traditional medicine. If symptoms persist, please consult a physician/doctor.
Keep out of reach of children. *Sila jauhi daripada kanak-kanak.*

Side effects:
None known. Should you observe side effects, please inform your physician/doctor.

Interaction with other drugs and agents:
None known. Combined therapy with Sinupret® and antibiotics is possible and useful.

Dosage, mode of application and duration of therapy:
The following information applies unless otherwise prescribed by the physician/doctor. Please observe the dosage instructions, otherwise Sinupret® children's syrup cannot be properly effective.

To be taken 3 times a day:
2-5 years: 2.1 ml or ½ Teaspoon
6-11 years: 3.5 ml or ¾ Teaspoon
12 years and above: 7.0 ml or 1 ½ Teaspoon

The supplied measuring cup should be used for measuring the correct dose.

How and when should Sinupret® children's syrup be taken?
Sinupret® children's syrup should be taken undiluted, preferably before meals.

How long should Sinupret® children's syrup be taken?
The treatment should last at least 7 days.

Storage conditions:
Store at below 30°C in a tightly close container. Protect against light. Slight turbidity or flocculation may occur during storage.

Pharmaceutical dosage form and contents:
Pack, containing 100ml syrup.
