What Diamond Vitamin Syrup is used for

Vitamin supplement to provide daily nutritional support.

Vitamin A: Helps to prevent night blindness and is essential for healthy skin and eyes.

Vitamin D3: Is essential for strong teeth and bones.

Vitamin C: Helps to keep bones, teeth and blood vessels healthy and to increase body's resistance to diseases.

Vitamin B1: Stimulate appetite.

How Diamond Vitamin Syrup works

Vitamin A: Is essential for normal function of the retina and regulation of growth.

Vitamin D3: Essential for promoting absorption and utilization of calcium and phosphate for normal bone growth.

Vitamin C: Essential for collagen formation and tissue repair in the body

Vitamin B1: Essential for energy metabolism.

Before you use Diamond Vitamin Syrup

- When you must not use it

Ask your doctor or pharmacists for advice before taking Diamond Vitamin Syrup.

- Before you start to use it

Tell your doctor if you have any of the conditions:

- Toxic effects of ingesting too much vitamin A.
- High calcium level in blood.
- Excessive urinary (elimination of substance known as oxalate).

- Chronic failure and acid-base disturbance.
- Impaired kidney function.

- Taking other medicines

Tell your doctor if you are taking any other medicines, including any that you buy without a prescription from a pharmacy, supermarket or health food shop.

How to use Diamond Vitamin Syrup

- How much to use

Children below 2 years: ½ teaspoonfuls (2.5ml).

Children above 2 years: 1 teaspoonfuls (5ml).

Adult: 2 teaspoonfuls (10ml).

Diamond Vitamin Syrup may be mixed with milk, fruit juice or food as preferred.

The directions given may differ from the information contained in this leaflet. If you do not understand the instructions on the label, ask your doctor or pharmacist for help.

- When to use it

All to be taken once daily.

Use as directed by your doctor or pharmacist.

- How long to use it

Continue taking Diamond Vitamin Syrup for as long as your doctor recommends.

- If you forget to use it

Take the missed dose as soon as you remember. If it almost time for your next dose, wait until then to take the medicine and skip the missed dose. Do not take a double dose to make up for the missed dose.

- If you use too much (overdose)

Contact your doctor immediately or go to the Emergency Department of your nearest hospital, if you think you or anyone else may have taken too much of this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

While you are using it

- Things you must do

Take your medicine exactly as your doctor has told you.

Tell the doctor, dentist and pharmacist treating you that you are taking Diamond Vitamin Syrup.

- Things you must not do

Do not take any new medicines without consulting your doctor or pharmacist.

Do not give Diamond Vitamin Syrup to anyone else, even if they have the same symptoms or condition as you.

- Things to be careful of

Dose higher than recommended and given for long period should be avoided.

Side effects

At the recommended dose, side effects are unlikely to occur.

Visit your doctor or pharmacist immediately if you experience any side effects after taking this medicine. You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by calling Tel: 03-78835549, or visiting the website nprra.moh.gov.my (Public → Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)).

Storage and Disposal of Diamond Vitamin Syrup

- Storage

Keep out of reach of children

Protect from light

Store in dry place at room temperature

Keep the container tightly closed

Shake well before use

- Disposal

Medicines should not be disposed of via wastewater or household waste. Ask your pharmacist how to dispose of medicines no longer required. These measures will help to protect the environment.
