Dyna Cloxacillin Capsule 250 mg

**Each capsule contains :
Cloxacillin sodium equivalent to
Cloxacillin 250 mg**

Indications : Infections caused by staphylococci resistant to benzylpenicillin, including infections of the skin and soft tissues, bones and joints, respiratory tract and urinary tract, otitis media, endocarditis, septicaemia and meningitis. It is also used for mixed streptococcal and staphylococcal infections when the staphylococci are penicillin-resistant. It is also used for the prophylaxis of staphylococci infections during major surgical procedures, particularly in cardiothoracic and orthopaedic surgeries.

Dosage : Adults : 250 - 500 mg every 6 hours daily. Children : 50 - 100 mg per kg body-weight a day in divided doses.

Note : Patient should continue medicine for full course of treatment. Take medicine on empty stomach. Reduced dosage is required in patients with impaired renal functions. Gelatin in capsule shell is bovine in origin.
