What HUNDREDPLAST KOYOK is used for

HUNDREDPLAST KOYOK is used for the temporary relief of muscle and joint pain, stiff neck and shoulders, sprain, backache and arthritic pain.

How HUNDREDPLAST KOYOK works

HUNDREDPLAST KOYOK contains active ingredients Menthol, Methyl Salicylate, Camphor, Thymol and Borneol. Menthol, when applied to skin, dilates the blood vessels causing a sensation of coldness followed by an analgesic effect. Applied externally. Methyl Salicylate is used to relieve pain in musculoskeletal, joint, and soft-tissue disorders. Camphor acts as a rubefacient and mild analgesic. Thymol is a disinfectant which also has antifungal properties. Borneol is used as antiseptic and antispasmodic actions.

Before you use HUNDREDPLAST KOYOK

-When you must not use it

Do not use HUNDREDPLAST KOYOK if

- 1 You are allergic to methyl salicylate, menthol, camphor, thymol, borneol or any other ingredient in this product.
2. Do not use in children below 2 years of age.

Before you start to use it

Please consult your doctor or pharmacist before you start to use this product if :

1. You are taking warfarin (a medicine to prevent blood clots). Excessive

application onto the skin for muscles or joint pains may increase the chances of bleeding.

2. You have skin sensitization or contact dermatitis.

Taking other medicines

Tell your doctor if you are currently taking warfarin.

How to use HUNDREDPLAST KOYOK

How much to use

Apply one to two times daily.

When to use it

Use when needed to provide relief of muscle and joint pain, stiff neck and shoulders, sprain, backache and arthritic pain.

How long to use it

Use for as long as advised by your doctor or pharmacist.

Consult a doctor or pharmacist if the pain does not improve after 5 to 6 days of use.

If you forget to use it

Use as soon as you remember and then continue to use as normal.

If you use too much(overdose)

If you use too much of this product, consult your doctor or pharmacist.

While you are using it

Things you must do

Keep the applied area dry.

Things you must not do

Do not apply directly into the nostrils.

Things to be careful of

For external use only

Side effects

Discontinue if rash, itching, redness or eruption occurs.

You may report any side effects or adverse drug reactions directly to the National Center for Adverse Drug Reaction Monitoring by visiting the website npra.gov.my [Consumers → Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)]
