What PERSKINDOL CLASSIC GEL is used for

PERSKINDOL CLASSIC GEL is used for relief of minor aches and pains of muscles and joints associated with arthritis, stiff neck, strains, sprains, bruises, cramps, simple backache.

How PERSKINDOL CLASSIC GEL works

PERSKINDOL CLASSIC GEL contains the active ingredients menthol and essential oils. Menthol lowers the body temperature of the affected area therefore numbing the pain at once. The essential oils each have stimulant actions, which help promote the blood flow to the affected area.

Before you use PERSKINDOL CLASSIC GEL

- When you must not use it

Do not apply PERSKINDOL CLASSIC GEL to wounds or damaged skin. Avoid contact with eyes and mucous membranes. Do not use PERSKINDOL CLASSIC GEL when allergy reaction to one or more essential oils is known.

- Before you start to use it

If you have sensitive skin, consult a doctor before use.

Pregnancy and breastfeeding

As with any drug, if you are pregnant or nursing a baby, seek the advice of a health professional before using this product.

- Taking other medicines

None known.

How to use PERSKINDOL CLASSIC GEL

- How much to use

Adults and children 6 years of age and older: Apply to affected area not more than 3 to 4 times daily. Gently massage until Perskindol is absorbed. Use only as directed.

- When to use it

Use it when required.

- How long to use it

Use it when required.

- If you forget to use it

Use it as soon as you remember.

- If you use too much (overdose)

No symptoms of overdosage have been recorded.

While you are using PERSKINDOL CLASSIC GEL

- Things you must do

Keep out of reach of children. For external use only. Avoid contact with eyes and mucous membranes.

- Things you must not do

Do not use with heating pads or heating devices. Do not apply to wounds or damaged skin. Do not bandage tightly. Do not use, pour, spill or store near heat or open flame.

- Things to be careful of

If condition worsens, skin redness or irritation develops or if symptoms persist for more than 7 days, discontinue use of this product and consult a doctor. If skin irritation develops, discontinue use and consult

a doctor.

Side Effects

Like all medicines, this medicine can cause side effects, although not everybody gets them.

Hypersensitivity to any of ingredients may cause skin redness or irritation. If skin irritation develops, discontinue use and consult a doctor.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by visiting the website npra.gov.my [Consumers → Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)]

Storage and Disposal of PERSKINDOL CLASSIC GEL

- Storage

Store below 30°C.

- Disposal

Ask your pharmacist how to throw away medicines you no longer use.
