What See Full Oil is used for

This oil is used for the relief of muscular and joint pains.

How See Full Oil works

See Full Oil contains the active ingredients camphor, methyl salicylate and menthol

Camphor stimulates nerve ending that relieve symptoms such as pain. Menthol and methyl salicylate are used topically as a counter-irritant. It works by causing the skin to feel cool and then warm that reduces the pain.

Before you use See Full Oil

- When you must not use it

Do not use See Full Oil:

- if you are hypersensitive to methyl salicylate, menthol, camphor or any other ingredients of this medicines (listed in Product Description)
- in infant under 2 years of age.

- Before you start use it

This medicine can cause convulsion. Caution must be exercised when older children are treated. It is dangerous to place any camphor containing product into the nostril of children. A small amount applied this way may cause immediate collapse.

Pregnancy and lactation

Please consult your doctor or pharmacist if you are pregnant, planning for pregnancy or breast-feeding before using any medicine.

- Taking other medicines

Tell your doctor if you are taking any other medicines, including any that you buy without a prescription from a pharmacy, supermarket or health food shop. Tell your doctor if you are taking warfarin (anticoagulant medicine).

This product contains methyl salicylate and can absorbed through the skin into the blood. Excessive use may cause bleeding if you are taking warfarin.

How to use See Full Oil

- How much to use

Apply and rub gently on to the affected areas.

Follow all directions given to you by your doctor and pharmacist carefully. They may differ from the information contained in this leaflet. If you do not understand the instructions on the label, ask your doctor or pharmacist for help.

- When to use it

Use three to four times daily or as directed by your doctor or pharmacist.

- How long to use it

Use See Full Oil for the duration that the doctor recommends.

- If you forget to use it

Consult your doctor or pharmacist on what you should do if you forget to use it.

Apply the missed dose as soon as you remember. If it is almost time for your next dose, wait until then

to apply the medicine and skip the missed dose. Do not apply a double dose to make up for the missed dose.

- If you use too much (overdose)

Contact your doctor immediately or go to the Emergency Department of your nearest hospital, if you think you or anyone else may use this medicine. Do this even if there are no signs of discomfort or poisoning. You may need urgent medical attention.

While you are using it

- Things you must do

Use your medicine exactly as your doctor has told you.

Tell all the doctors, dentists and pharmacists treating you that you are using See Full Oil.

Tell your doctor immediately if you become pregnant while using this medication.

- Things you must not do

Do not use any new medicines without consulting your doctor or pharmacist.

Do not give See Full Oil to anyone else, even if they have the same symptoms or condition as you.

- Things to be careful of

Avoid product contact with the eyes, mucous membranes and open wound.

This product is for external use only. Not to be taken orally.

Side effects

May cause skin irritation.

Visit your doctor or pharmacist immediately if you experience any

side effects after taking this medicine.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring visiting the website npra.gov.my [Consumers→ Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)]

Storage and Disposal of See Full Oil

- Storage

Keep out of reach and sight of children.

Keep in a dry place below 30°C. Protected from light.

Do not use this product after the expiry date.

- Disposal

Medicines should not be disposed of via wastewater or household waste. Ask your pharmacist how to dispose of medicines no longer required. These measures will help to protect the environment.
