Lot ABCD

Isotone Natriumchloridlösung
0,9 % Braun 20 x 10 ml
 Lösung zur intravenösen oder subkutanen Injektion

NaCl

Isotone Natriumchloridlösung
0,9 % Braun 20 x 10 ml
 Lösung zur intravenösen oder subkutanen Injektion

100 ml Injektionslösung enthalten:
 Natriumchlorid 0,9 g
 Tonicität für Injektionszwecke 308 mOsm/l
 Tonicität (Osmolalität) 0,3 mmol/l
 pH-Wert 4,5-7,0
 Elektrolyt mmol/l
 Natrium 154
 Chlorid 154

Vor Anwendung Gebrauchsinformation beachten!

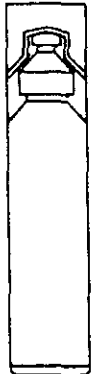

Steril und pyrogenfrei

Apothekenpflichtig

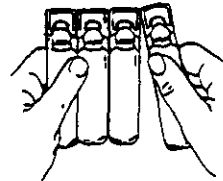

Zul.-Nr.: 6697366.00.00

Arzneimittel für Kinder
 unzugänglich aufbewahren!

B | BRAUN

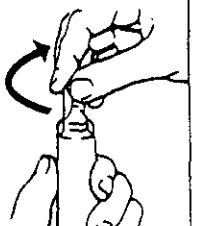

- Mini-Plasco® abtrennen
- Tear off ampoule along welding seam
- Séparer l'ampoule le long de la soudure
- Desgárrase la ampolla a lo largo de la soldadura

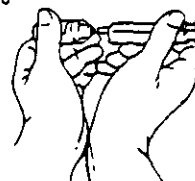

①

- Verschlusskappe abdrehen
- Twist off tab
- Pour ouvrir, tourner la languette
- Desprendase retorciendo la lengüeta

②

- Spritzenkonus in Mini-Plasco® einführen
- Insert syringe cone into ampoule
- Introduire l'embout de la seringue dans l'ampoule
- Conectese el cono de la jeringa con la ampolla

③

- Lösung entnehmen
- Draw up injection fluid
- Aspirer la solution
- Aspirese la solución

④

Art.-No. 03525-00

Isotonic Sodium chloride solution
0,9 % Braun 20 x 10 ml
Solution for intravenous or subcutaneous injection

100 ml injection solution contain:
Sodium chloride 0.9 g
Purified water for injection purposes 308 mOsm/l
Theoretical osmolality 0.3 mmol/l
Titration acidity (pH 7.4) 4.5 - 7.0
pH-Value
Electrolytes mmol/l
Sodium 154
Chloride 154

Read User information before use!

Sterile and pyrogen-free

Available in Pharmacies

Reg.-No. 5697386.00.00

Keep the drug out of reach of children!
