What Povidone Iodine is used for

It is used for treatment of wounds, cuts, abrasions and minor skin infections.

How Povidone Iodine works

It contains povidone iodine which slowly liberates inorganic iodine in contact with the skin and mucous membranes.

Before you use Povidone Iodine

- When you must not use it

Do not use it if you are allergic to povidone iodine.

Application of povidone iodine to large areas of broken skin should be avoided as excessive absorption of iodine may occur.

When redness or swelling occurs due to hypersensitivity, stop application and consult doctor.

- Before you start to use it

Please check with your doctor or pharmacist.

- Taking other medicines

Please inform the doctor or pharmacist if taking other medicines.

How to use Povidone Iodine

- How much to use

Apply twice daily to the affected area.

Follow all directions given to you by your doctor and pharmacist carefully. They may differ from the information contained in this leaflet. If you do not understand the instructions on the label, ask your doctor or pharmacist for help.

- When to use it

Please follow the advice of the doctor or pharmacist.

- How long to use it

Please check with your doctor or pharmacist.

- If you forget to use it

If you forget to use, apply it as soon as you remember. Continue to use it as directed by your doctor or on the package label.

- If you use too much (overdose)

If you have used too much Povidone Iodine, contact your doctor, an emergency department or a poisoning center immediately.

While you are using Povidone Iodine

- Things you must do

Inform your doctor or pharmacist of all the medications you are taking.

- Things you must not do

Do not use any new medicines without consulting your doctor.

Do not give Three Legs Povidone Iodine to anyone else, even if they have the same symptoms or condition as you.

Side effects

Rarely irritation may occur.

Visit your doctor or pharmacist immediately if you experience any side effects after taking this medicine.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by visiting the website npra.gov.my [Consumers -> Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)].

Storage and Disposal of Povidone Iodine

- Storage

Store below 30°C. Protect from light. Keep out of reach of children.

- Disposal

Medicines should not be disposed of via wastewater or household waste.

Ask your pharmacist how to dispose of medicines no longer required. These measures will help to protect the environment.

Product Description

- What it looks like

A dark brown colour with a slight characteristic odour solution.

- Ingredients

- Active ingredient
Povidone Iodine 10%w/v
- Inactive ingredient
Purified water

- MAL number:
