What Three Legs Yellow Balsem is used for

It is used for symptomatic relief of muscular pain, rheumatic pain and sprain.

How Three Legs Yellow Balsem works

Methyl salicylate, menthol and camphor are external analgesics which stimulate sensation of warmth and/ or cold. This produces a counter irritant response which provides temporary relief of minor aches and pains of muscles and joints associated with backache, arthritis, strains and sprains.

Before you use Three Legs Yellow Balsem

- When you must not use it

Do not use it if you are allergic to any ingredients of Three Legs Yellow Balsem.

- Before you start to use it

Initially apply a small amount to a limited skin area and observe whether there is discomfort or itch before applying to a larger skin area. Discontinue use if irritation develops.

Please follow the advice of your doctor or pharmacist.

- Pregnancy and lactation

Do not use during pregnancy or when breastfeeding.

- Taking other medicines

Tell your doctor if you are taking any other medicines.

For patients taking warfarin, excessive application on to the skin for muscle or joint pains may increase the chances of bleeding. If you are taking warfarin, please consult your doctor before using this product.

How to use Three Legs Yellow Balsem

- How much to use

Rub on affected area 2 to 3 times a day.

For external use only. Not to be taken.

Follow all directions given to you by your doctor and pharmacist carefully. They may differ from the information contained in this leaflet. If you do not understand the instructions on the label, ask your doctor or pharmacist for help.

- When to use it

Please follow the advice of the doctor or pharmacist

- How long to use it

Please follow the advice of the doctor or pharmacist.

- If you forget to use it

Continue to use it as directed by your doctor or on the package label.

- If you use too much (overdose)

Mild chronic salicylate intoxication or salicylism usually occurs only after repeated use of large doses. Salicylism can also occur following excessive topical application of salicylates. Symptoms include dizziness, tinnitus, deafness, swearing, nausea and vomiting, headache and confusion

and may be controlled by reducing the dosage.

While you are using Three Legs Yellow Balsem

- Things you must do

Inform your doctor or pharmacist of all the medications you are taking.

- Things you must not do

Do not take any new medicines without consulting your doctor.

- Things to be careful of

This product can cause convulsion. This product is contraindicated in infants below 2 years of age. Caution must be exercised when older children are treated. It is dangerous to place any camphor containing product into the nostril of children. A small amount applied this way may cause immediate collapse.

Avoid contact with the eyes and mucous membrane. Do not apply to open wounds or damaged skin. Do not apply over large areas of the body or bandage or use with heating pads.

Ask your healthcare provider any questions you may have about how to use Three Legs Yellow Balsem.

Side effects

Skin irritation, redness or swelling, burning or stinging sensation. Adverse reaction is rare, symptoms of dizziness, nausea may occur.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring or visiting the website nprra.gov.my [Consumers → Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)].

Storage and Disposal of Three Legs Yellow Balsem

- Storage

Store below 30°C. Protect from light. Keep out of reach of children.
