MAL XXXXXXXXXX

Each vial contains 3.5 mg of Bortezomib.
Store below 30°C. Keep the vial in the outer carton in order to protect from light.
Reconstituted solution: Use immediately after preparation. If the reconstituted
solution is not used immediately, in-use storage times and conditions prior to
use are the responsibility of the user. However, the reconstituted solution is
stable for 8 hours at 25°C stored in the original vial and/or a syringe, with a
total storage time for the reconstituted medicine not exceeding 8 hours prior
to administration. Please refer to package insert for instruction for use.
