**What PURELL Advanced Hand Sanitizer Gel 70% v/v is used for**  
Alcohol-based gel hand sanitizer for hygienic and surgical hand disinfection

**How PURELL Advanced Hand Sanitizer Gel 70% v/v works**  
Alcohol-based gel hand sanitizer that kills 99.99% of germs. Ideal for use in all healthcare and food handling environments where hand hygiene compliance is critical. Suitable for use at restaurants, retail establishments, event venues, airports, office areas, rest areas and any public facility to help kill germs on hands.

## Before you use PURELL Advanced Hand Sanitizer Gel 70% v/v

Do not use PURELL Advanced Hand Sanitizer Gel 70% v/v if you are allergic to ethanol or any of the ingredients listed

## How to use PURELL Advanced Hand Sanitizer Gel 70% v/v

For general hand sanitizing use: Place enough product in your palm to thoroughly cover your hands (One dispenser actuation provides ~1.2mL, which is sufficient for

most use cases)

Rub hands together briskly until dry (this is typically 15 to 30 seconds)

## While you are using PURELL Advanced Hand Sanitizer Gel 70% v/v

Flammable. Keep away from open flame and sources of heat. For external use only. Avoid contact with the eyes. If contact occurs, flush eyes with water. Discontinue use and consult a healthcare practitioner if irritation develops. Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

## Side effects

There are no known side-effects with the use of PURELL Advanced Hand Sanitizer Gel 70% v/v. However, sensitivity or local alcohol-induced irritation may occur.

Visit your doctor or pharmacist immediately if you experience any side effects after using this medicine.

You may report any side effects or adverse drug reactions directly to the National Centre for Adverse Drug Reaction Monitoring by visiting the website [npra.gov.my](http://npra.gov.my) [Consumers → Reporting Side Effects to Medicines (ConSERF) or Vaccines (AEFI)].
